

SEVERE RAIN, WIND STORM STRIKES AREA

Gettysburg and parts of Adams County experienced one of the heaviest rain and wind storms of the year Monday night. Overnight rainfall measured at Gettysburg was 2.47 inches. Most of this fell in the half-hour downpour about 7 p.m.

Traffic was delayed in some places by flooded roads and fallen trees and branches. Buford Ave. and Baltimore St. were blocked for a time by high water.

Water ran into basements and low doorways in several places in town.

The downpour was so heavy that many motorists stopped along the roads because of poor visibility.

Phones Are Out

Telephone service felt the brunt of the storm. Trouble was described this morning by John Caldwell, local manager for the United Telephone Co., as "considerable" and "scattered." Telephone crews have been on the job since the storm Monday night.

In many cases, telephone service to subscribers was interrupted by fuses blown by the electrical storm. Elsewhere, drop loops into houses were torn by falling branches or trees.

Water got into cables in Gettysburg and Biglerville. The amount of cable damage could not be assessed early today. Cable crews from Carlisle were summoned to help repair the damage.

Trees Are Downed

Damage to trees and shrubbery on the Lutheran Seminary campus was estimated this morning at approximately \$500.

Seminary Ave. was blocked to traffic for some time Monday night when a bolt of lightning cut down two large trees and high winds broke off four or five large limbs which fell across a light line and pulled it down and the limbs spread across the street.

Tons of mud were washed onto Steinwehr Ave. from the area around the stone fence of the National Cemetery which only recently had been cleaned out of stumps and debris. The mud was four inches thick on the street in some areas.

The Gettysburg College campus escaped with only a few broken branches.

Orchards Escape

Hail was reported in the Biglerville area but a C. H. Musselman Co. spokesman said they had no reports of damage in their orchards.

Some parts of the county had very little rain and no storm damage. Some residents in the mountain area near Fairfield and Orrtanna reported only "a nice little rain." In Fairfield itself the rain was heavy but the storm was reported as "not unusual."

Likewise, most of Arendtsville little rain was reported.

York Springs experienced its heaviest storm and rain Monday between 4 and 4:30 p.m. but also shared in the later storm that struck Gettysburg. Reports of damage at York Springs were minor but the earlier rain was described as heavy and accompanied by high winds.

Transformers Out

The Metropolitan Edison Co. reported its damage mostly scattered with transformers out in several areas because of lightning surges blowing transformer fuses. No large groups of customers were without power, the company said.

Street light wires were downed in three places in Gettysburg, on Seminary Ave. where they were torn by falling limbs, W. Middle St. and Ridge Ave.

The transformer outages were mostly in the areas surrounding Gettysburg, along the Harrisburg, Biglerville, Taneytown and Emmitsburg Roads.

That Gettysburg was the central target of the storm was indicated by the experience of the Adams Electric Co-operative which serves customers through a wide area of the county but not in town. The co-op reported that it had only a little trouble from the storm.

In Emmitsburg the rain was also heavy and there were high winds but little damage was reported.

Five Winners At 4-H Club Roundup

Five of the plaque winners at the first Adams County 4-H agriculture roundup Monday at South Mountain Fairgrounds are shown below. They and the plaques they won are, from left to right: Martha Zepp, flower exhibit and flower identification; Dorothy Anthony, vegetable exhibit; David Slusser, dairy showmanship; Robert Smith, dairy fitting, and Edna Jane Coble, vegetable judging. (Times Photo)

4-H CLUBS HAVE FIRST COUNTY WIDE ROUNDUP

Adams County 4-H Clubs had their first county-wide 4-H agricultural roundup Monday at the South Mountain Fairgrounds, near Arendtsville. One hundred projects were exhibited. The event was attended by nearly 300 persons.

Each of the projects was scored and ribbons were made on the Danish system, that is according to merit. Scores of 90 to 100 got exhibitors blue ribbons; 80-89, red ribbons, and 70-79, white ribbons.

Victor Plastow, associate county agent in Lancaster County, was judge.

Plaques were awarded to top-ranking club members in several categories.

Wins Two Plaques

Martha Zepp, Gettysburg R. 4, member of the Hort-Buds 4-H Club, was awarded a plaque for flower identification, presented by Coffman's Jewelry Store, and the flower exhibit plaque, presented by the Adams County Senior Extension Club.

The latter plaque and the plaque for the best vegetable exhibit, awarded to Dot Anthony, Gardner's R. 2, member of the Aspers 4-H Club, were presented at the roundup by Glen Miller, president of the Senior Extension Club.

Edna Jane Coble, Aspers R. 1, won the vegetable judging plaque, presented by Zerfing's Hardware. She is also a member of the Aspers 4-H Club and was a member of the Adams County vegetable judging team that went to Pennsylvania State University for 4-H Week earlier this month.

Insect Exhibit Winner

The insect exhibit plaque, presented by the Central Chemical Co., was awarded to William Starner, Arendtsville, member of the South Mountain 4-H Club.

Plaques Are Awarded

Dairy plaques were awarded for fitting to Robert Smith, York Springs, and for showmanship to David Slusser, Littlestown R. 2. Both are members of the Adams County 4-H Club.

Bankers To Attend School, Seminar

One banker and two bank directors from Adams County have enrolled for the Pennsylvania School and Directors' Seminar at Bucknell University, Lewisburg. The PBA Summer School will be held August 23-28 and the Directors' Seminar is August 25-26.

More than 200 bank personnel will attend the week-long school, and 130 directors will participate in the seminar.

C. E. Prosser of the Gettysburg National Bank will attend the school.

Wilbur A. Bankert and Ralph D. Bowman, of the Littlestown State Bank, will attend the Seminar.

Drama Producer Dies Suddenly

Word was received Monday by William G. Weaver, chairman of the outdoor drama committee of the Travel Council, of the sudden death of Ted Cronk, who had been invited to meet with a local group of those interested in an outdoor drama for Gettysburg. Cronk had accepted the invitation to come here in September.

An invitation has now been extended to Roger Sherman, executive vice president of the Jamestown Corporation which produces the "Common Glory" in Williamsburg. Sherman is highly recommended by Paul Green, author of many dramas of this type. The meeting will be announced, Weaver said, as soon as an acceptance has been received from Sherman and a positive date confirmed.

170 PETITION SUPERVISORS TO CLOSE DUMP

Seven petitions, bearing 170 names, asking the Freedom Twp. supervisors to pass "no dump" ordinance were filed today with the township supervisor's secretary, George Glenn.

The petitions were directed at the land-fill established by Paul Plank Jr., Gettysburg R. D., on land of Guy Gordon, Fairfield R. 2, about a month ago as an answer to the problem raised by the closing of the Gettysburg dump in Cumberland Twp.

Among the 170 signatures are ones that appear to be "Garland Lefler" and "J. H. Trussell." Garland Lefler and J. H. Trussell are two of the three supervisors in the township. The other is Guy Gordon on whose land the land-fill is located. Also appearing on the petitions is a signature which appears to be that of township clerk, George W. Glenn.

Presented By Attorney

The petitions were turned over to Glenn this afternoon by Attorney Donald G. Oyler who said he was doing so at the request of several clients in the township.

Among the signatures are several which appear to be those of Gettysburg residents who are summer residents at Marsh Creek Heights. The land-fill is located on Gordon's land off the Bullfrog Rd., some distance from Sprigg's Garage.

The 170 signatures would represent (Continued On Page 8)

MAN WHO FLED FROM POLICE LODGED IN JAIL

Herbert H. Motter, 24, of 509 Prince St., Littlestown, gave himself up to police Monday night and went to jail in default of bail on a charge of driving while his driver's license was suspended.

Motter was sought by police since last Tuesday when he disappeared into a corn field near Harney after leading state troopers on a chase at 90 to 100 miles per hour through Gettysburg to Harney where his car crashed and he disappeared into the corn field.

Motter's attorney notified police Monday night of his willingness to surrender. Arrangements were made for him to appear before Justice of the Peace John Whitman, Gettysburg R. D., on a charge of driving while under suspension. He entered a plea of guilty on that charge and in default of \$500 bail was placed in jail.

Sentenced In 1957

Cpl. Clayton Hamberger and Pvt. Robert M. Baker, of the local state police, who filed the charge said the Littlestown man will be transferred from the local jail to jurisdiction of the state parole board.

On June 10, 1957, Motter was sentenced to an indeterminate sentence in White Hill by the Adams County court on burglary and larceny charges arising from the theft of 528 pounds of copper from the Morris Giltlin junk yard here. The copper was sold to a Hanover junk yard for \$84. Police said Motter at the time he fled from police was on parole from that sentence. They added that "normally" a White Hill parolee over the age of 22 who has broken his parole is sent to a state penitentiary. Motter is 24.

Police, at the time of Motter's flight, listed 13 motor vehicle charges they planned to bring against him, including driving the wrong way on one-way streets in Gettysburg, failing to stop at stop signs, reckless driving, speeding, etc.

Police said today that "since it looks like he is going to jail anyway," the 13 other charges will probably not be brought.

\$41,795.35 IS APPROVED FOR DISTRIBUTION

A \$500 bequest to the Gettysburg Methodist Church, "as a memorial to my father, Thomas McGee Griffith, former pastor," is among amounts for distribution in the account of The Gettysburg National Bank, executor of the estate of Nora G. Thomas, late of Cumberland Twp., approved by the Adams County court Monday.

A \$1,000 bequest is made the Prince of Peace Episcopal Church here. The remainder of the \$27,435.30 estate is given to, or put in trust for, a sister of the deceased, Isabella Griffith.

Bequests of \$200 each for the "Tumor Clinic at the Warner Hospital" and Flohr's Lutheran Cemetery Assn. are contained in the distribution of the account of R. Dale Bream and Paul H. Bream, executors of the estate of Blanche A. Bream, late of Franklin Twp., approved by the court. The amount for distribution totals \$47,795.35.

Other Returns

Other accounts and amounts listed for distribution, as approved by the court, include:

Andrew J. Florence, administrator of the estate of Vincent C. Florence, late of Gettysburg, \$4,426.12; Edna Mae Black, executrix of the estate of Nelson L. (Continued On Page 2)

Report Youth Shot To Death By Brother, 9

Garry Lee Manning, nine, shot and killed his six-year-old brother, Floyd Calvin Manning, this morning at 11:05 o'clock in the family's apartment home, Emmitsburg.

Maryland State Police—man W. S. Davis said that so far questioning has not revealed the reason for the fatal shooting.

Head Blown Off

The top of the head of the younger brother was blown off by the 20 gauge shotgun blast, the Maryland trooper said.

The two children, two sisters, Mary Teresa, 11, and Sherlie L., aged 4, and another brother, John Michael, 10, were at home this morning while both parents were away.

The father, Floyd C. Manning Sr., was looking for work. The mother is employed at the Gettysburg Shoe Company.

The four-room apartment housing the family which recently moved to Emmitsburg, is located on the second floor of a garage in the rear of the home of Miss Ora Miller, E. Main St., Emmitsburg.

State Policemen Davis and Linwood Clark this afternoon removed Garry Lee, his mother and sisters, to Frederick for further questioning.

LOCAL STUDENT TO HEAD LLA

Robert J. Menges, a 20-year-old college psychology major from Menges Mills, Pa., was elected president of the 60,000 member Luther League of America at its 64th anniversary convention at Cornell University, Ithaca, N. Y., today.

Menges, a senior and president of the student body at Gettysburg College, was elected to a two-year term on the first ballot.

The Luther League of America is the official youth auxiliary of the United Lutheran Church in America. Many delegates and visitors are attending the five-day convention.

TAX PROBLEM IS SETTLED BY SCHOOL BOARD

It took the Gettysburg borough school board less than an hour Monday night to complete the business which it could not do August 3 for lack of a quorum.

That business included approval of a list of exonerations of taxes which the tax collector was unable to collect for one reason or another. Included on the list, which was read in its entirety, were per capita taxes totaling \$3,931 and real estate taxes totaling \$1,013.

But the board was not excusing any real estate in the borough from school taxes. The reasons for the several listings of real estate taxes were either duplicate assessments — that is the properties were already assessed to someone else — or errors in assessment — for example a normally tax exempt property was among those assessed.

Some Were Deceased

Of the personal tax exonerations, the majority were for assessments against persons who have moved from the borough. A few were reported deceased.

The June, annual and July treasurer's reports were read and approved. The agreement with the First National Bank, which will act as treasurer for the board during the current school fiscal year, was approved and placed on file. That agreement notes that the bank has deposited \$650,000 in government bonds as security for the account.

The board also approved a suggestion of Superintendent H. Edgar Riegler that \$20,000 of school funds be placed on time deposit to earn interest. Riegler estimated that about half the amount can be placed on interest for six months. By the end of that time, the funds will be needed for school expenses.

The school treasury is normally well filled when school taxes come in. The amount collected is spent during the school term but since not all of the money is needed immediately, the board is able to have part of it earn some income which can be applied to school operating expenses.

Grand Jury Recommends New County 'Home Soon'; Electrify Wires At Jail

JOHN SANDERS, MIDWAY, DIES IN AUTO CRASH

A twenty-three year old Midway man was fatally injured and a Hanover truck driver escaped injury in two "one-car" accidents investigated by state police from the local substation during the past 24 hours. The accidents were in opposite ends of the county.

John E. Sanders, 23, of 619 Third St., Midway, was fatally injured at 1:30 o'clock this morning when his Morris Garage roadster failed to negotiate a curve two miles north of Hanover on the Green Springs Rd. and crashed into a stone wall.

State police said Sanders died two hours later, at 3:30 o'clock this morning in the Hanover Hospital of a crushed chest and ruptured spleen. The roadster was demolished.

The fatal accident led to another disagreement between the coroners in York County and Adams County. Dr. C. G. Crist, Adams County coroner, said he was notified later this morning of the death by the York County coroner's office but said he again informed the York County officials that he still believes the law of Pennsylvania calls for the coroner in county in which the death occurred to hold the inquest. While a number of fatal accidents have occurred recently in the Hanover area of Adams County, there have been no inquests when the persons involved died in York County at the Hanover Hospital. Each coroner has claimed the other should hold the inquest. The state, petitioned several times in the matter, has said the two coroners must settle the jurisdiction problem themselves.

The other crash occurred at 7:05 o'clock Monday night eight miles from Fayetteville on the Pine Grove Rd. State police said Ronald Greenholtz, of Hanover, was driving a truck owned by the Revonah Pretzel Co., Hanover, north when the truck skidded on the slippery road at a sharp curve and the entire left side of the truck was crushed against a culvert. Damage was estimated at \$500 to the truck. Greenholtz was injured.

An Adams County grand jury Monday afternoon returned indictments against eight defendants and recommended that the county build a new county home as soon as possible; electrify the top wires around the exercise yard at the jail, and engage an additional employee at the jail to permit more use of the exercise yard by the prisoners.

The jury was the first in several terms to make a tour of the county home and jail. When it returned its final indictments at five o'clock, it also told the court it would like to visit the jail.

The court agreed and the jury visited the jail and county home before returning at 6 o'clock.

Others Indicted

Indicted Monday afternoon were Glenn E. Smith, 129 W. High St., on a charge of prowling and loitering; Regina A. Ketterman, Fairfield R. 1, failure to stop and reveal her identity following an accident; Sterling McWilliams and John McWilliams, of Hanover; Alvin H. Rimel, Littlestown, and Richard L. Laughman, Hanover R. D., charged with contributing to the delinquency of a minor and morals charges; Garnet Roy Weller, Hagerstown, burglary and larceny and Charles J. Prout, Gettysburg R. 3, incestuous morals charges.

The grand jury during the morning returned "not true bills" on the assault and battery charges brought against each other by Beatrice Taylor and Emma C. Bechtel, both of Silver Run, as a result of an altercation in a Littlestown shoe factory. Told that it would have to dispose of the costs, the jury during the afternoon again returned the "not a true bill" indictments and placed the cost in each case on the prosecutor.

In its report following its tour, the jury, headed by Charles E. Ritter, Littlestown, as foreman, returned this report:

Recommend New Home

"We the grand jurors of Adams County have made an inspection of the Adams County jail on Monday, August 17. We have found everything clean and in order. We do recommend electrifying the top wires on the exercise area and urgently request an assistant so the men can use this exercise enclosure.

"We have also made a brief inspection of the County Home and we found things in order and remarkably clean considering the facilities they have to work with.

"We the jury recommend a new home be constructed as soon as possible to replace the obsolete buildings now being used."

COURT OKAYS SETTLEMENT IN TRESPASS CASE

Settlement for \$4,750, of the trespass action brought by Jeffrey W. Waybright and his parents, Mr. and Mrs. Horace H. Waybright, Gettysburg R. 2, against Albert M. Hedges, York, and Bernard Nickey, Littlestown, trading as Bizzzy Bee Cleaners, and William E. Rittase, 136 E. King St., Littlestown, was approved by the Adams County court Monday afternoon.

The only witnesses to appear before the court for the hearing were Dr. Roy W. Gifford, local physician and surgeon, and Horace H. Waybright.

The settlement provides for \$2,000 to be set aside for Jeffrey Waybright for pain and suffering and future dental care. The child and his father were both hurt when their car and a Bizzzy Bee truck operated by Rittase collided June 8, 1957. The child suffered injuries to eye muscles, a concussion of the brain and a fractured jaw. The father suffered fractures of the ribs and other injuries.

Needs Further Treatment

Dr. Gifford said eye surgeons have corrected the muscular injury which damaged the boy's eyes, but added that additional orthodonture work will be needed, as a result of teeth lost and changes brought about by the fracture of the jaw. The child was in the Warner Hospital 18 days.

Among items of expense listed by the father were \$866.31 for hospital and medical expenses, \$850 damage to his car, nursing expenses, etc., and \$690.27 for attending a replacement during the recovery of the father from his injuries.

Two men were placed on parole by the court. James Edward Moore, Baltimore, sentenced May 21 to from two to 23 months in jail on burglary and larceny charges, was placed on parole for 20 months and given three months in which to pay the costs of the case. Harold Dean Welsh, Gettysburg, sentenced November 17 to from nine to eighteen months on a charge of burglary and larceny of car keys and unauthorized use of a car, was placed on parole for 7 to 9 o'clock.

Three Couples Get Marriage Licenses

Marriage licenses have been issued at the court house to:

John Ervin Holtry, son of Mr. and Mrs. Ervin S. Holtry, Camp Hill, and Miss Dorothy Marie Biesecker, daughter of Mr. and Mrs. Harry L. Biesecker, New Oxford R. 2.

Harold Kenneth Golden, son of Mr. and Mrs. Leo J. Golden, Gettysburg R. 5, and Miss Joyce Lorene Weaver, daughter of Mr. and Mrs. Charles L. Weaver, 60 E. Water St.

Eugene Howe, son of Mr. and Mrs. George W. Howe, York Springs R. 2, and Frances Pauline Kemper, Gettysburg R. 4, daughter of Mrs. Grace Reinecker, Biglerville, and the late Norman Z. Reinecker.

Studies German Language Abroad

Sgt. Russell H. Potter Jr., whose parents live at 432 S. Washington St., recently completed a course in the German language during his off duty hours while serving with the 2nd Armored Cavalry Regiment in Bamberg, Germany.

A communications chief in Company E of the regiment's 2nd Battalion in Bamberg, Sergeant Potter entered the Army in February 1957 and arrived in Europe in February 1958.

The 22-year-old soldier is a 1956 graduate of Gettysburg High School.

RECEIVES DEGREE

Rev. Amos D. Meyers, York Springs, was among the 346 students at Temple University who received degrees during the school's mid-summer commencement program Thursday. Rev. Mr. Meyers, who was awarded his Masters degree in Education, is supervising principal of the Berks-Juniata Joint School system.

BOLTS HOST CARLISLE

Littlestown High School has filled its previous open date on Friday, October 30, by scheduling Carlisle, five-time South Penn Conference football champions. The game will be played at Littlestown.

HOSPITAL REPORT

Admissions: Mrs. Walter Rentzel, Littlestown; Mrs. C. Richard Knox, 318 E. Middle St.; Miss Mary Keiser, R. 5; Mrs. Fern Ober, Emmitsburg; Garry Neary, 63 W. Middle St.; John Becker, Westminster.

Discharges: Miss Donna Biglham, Orrtanna; Miss Judy Schuchart, Westminster; Mrs. Arthur Demps and infant son, Gardner; Mrs. Edgar Eddins and infant son, R. 3; Mrs. Charles Day and infant son, R. 4.

LOCAL WEATHER

Yesterday's high 96
Last night's low 60
Today at 7:30 a.m. 70
Today at 1:30 p.m. 86
Rainfall 2.47 inches

Schedule Auction Of Coins, Stamps

Twenty five lots of stamps and 145 singles and lots of coins and currency are listed in a catalog of items which are among those being offered in an auction of coins, currency, stamps and covers Wednesday evening at 7 o'clock at the Chambersburg Auction Sales, 962 S. Main St., Chambersburg.

Lots can be inspected Wednesday after 1 p.m. Bidders will give numbers to use when bidding.

GEN. PAUL IN HOSPITAL

General Willard S. Paul, president of Gettysburg College, was admitted to Walter Reed Hospital, Washington, D. C., Monday for further tests and observation. Mrs. Paul accompanied him and will remain in the capital for several days.

Series Of Earthquakes Rocks Northwest Area For Four Hours Monday

VIRGINIA CITY, Mont. (AP) — At least six persons have been killed in the quake which rocked Montana Monday night, the Madison County sheriff's office reported today.

The report came from a helicopter flying in the Cliff Lake area between Ennis, Mont., which has been evacuated, and Hebgen.

At least two of the fatalities happened at Cliff Lake, Sheriff Lloyd W. Brook said. They occurred when a huge cliff tumbled over, he reported.

HELENA, Mont. (AP) — An erratic series of earthquakes erupted in the northern Rockies and shook the Northwest for more than four hours Monday night and early today.

The tremors centered their wrath in the area in and around Yellowstone National Park.

They were felt in varying intensity from British Columbia to Oregon, across Washington, Idaho, Montana and parts of Wyoming.

A park spokesman said it was possible Old Faithful and many other geysers had been altered by a possible shift in the subterranean cavities.

Just west of Yellowstone, Hebgen Dam was threatened with collapse by the fury of the original quake at 11:30 p.m. (MST) and a series of now-sharp, now-mild, tremors that followed.

Northward along the Madison River that flows from the 44-year-old concrete dam, officers alerted hundreds of residents to prepare for immediate evacuation. The nearest city is Ennis, Mont., 45 miles north, with an estimated 600 residents.

Hugh K. Potter, state civil defense director, said conflicting reports told of leakage and possible cracks in the dam.

Three Persons Injured

The resort community of West Yellowstone, Mont., suffered property damage. Three persons were reported injured there, none seriously.

The quakes epicenter was fixed 800 miles northeast of Berkeley, in southeastern Montana.

At Berkeley, Calif., a University of California seismologist set the quake's magnitude at 7.8 on the Richter scale. The San Francisco earthquake of 1906 had a magnitude of 8.25 on the same scale.

Thousands of persons across the Northwest were jolted from (Continued On Page 6)

Series Of Earthquakes Rocks Northwest Area For Four Hours Monday

The scheduled meeting with Republican congressional leaders has been postponed. The President met with Paul Hoffman, of California, a former government executive. It was a personal visit. At 9:15 o'clock the President conferred with Secretary of Labor James P. Mitchell on the status of the steel strike. At 10:15 o'clock the President attended a meeting of the National Security Council and after that he met with Governor Nelson Rockefeller, of New York, who is chairman of the Governors' Conference Committee on Civil Defense.

At a press conference Monday afternoon acting press secretary Wayne Hawks announced that Dr. Milton Eisenhower, president of Johns Hopkins University, Baltimore, will represent the President at the opening of the Pan-American games in Chicago Aug. 27.

U.S. Ambassador to Great Britain John Hay Whitney returned to New York by plane Monday afternoon at 3:45 o'clock. He had flown here at noon, lunched and conferred with the President at the Eisenhower farm.

The President was due back at his farm later today.

VIEWING ON WEDNESDAY

The viewing for the late Bicknell Redman, who died at the Warner Hospital Sunday night, will be held at the Peters Funeral Home, Carlisle St., Wednesday evening from 7 to 9 o'clock.

PANIC CAUSES DEATH OF TWO N. J. CHILDREN

PAULSBORO, N.J. (AP)—Two children died today in a fire at their home when they panicked as help neared them.

Their mother was partly overcome by smoke and four firemen were injured in a vain effort to save the children.

The victims were Wanda Holmstrom, 5, and her brother Kurt, 2. Fireman Dayton Cooper reached their second-floor bedroom on a ladder, and saw them rushing about in a frenzy. He ripped a screen from their window and called for them to come to him.

The children, however, ran away into the flaming bedroom. Cooper climbed in and eventually found them huddled under a bed.

By the time he got them back to his ladder the room was enveloped in flames.

He passed the children out to fellow firemen. Then, as he started to descend the ladder with flames shooting about, Cooper lost his grip and fell 20 feet to the ground. Three other firemen on the ladder also were burned, none seriously.

The children were pronounced dead at Underwood Hospital, Woodbury, of suffocation. Cooper, 35, was admitted to the hospital. The children's mother, Alice, 24, was found partly overcome by smoke in a downstairs living room where she had been sleeping because of the hot weather. The father, Paul, 23, a Navy petty officer, was on duty at the New York Shipbuilding Corp. yards.

Lawver, late of Cumberland Twp., \$12,447.93; Luther B. Slaybaugh, administrator of the estate of Lottie H. Slaybaugh, late of Biglerville, \$224.96.

Birth Announcements

At Warner Hospital

Mr. and Mrs. C. Richard Knox, 318 E. Middle St., daughter, today.

At Hanover Hospital

Mr. and Mrs. Michael Conrad, McSherrystown, son, Saturday.
Mr. and Mrs. John Bollinger, McSherrystown, daughter, Saturday.

At West Side, York

Mr. and Mrs. Stanley Reinecke, York Springs R. 2, daughter, Monday.

Social Happenings

For Social News Phone Gettysburg 1248 or 640

Pfc. Gonzalo Valdivieso, Fort Eustis, Va., visited over the weekend with Mr. and Mrs. John Clark, R. 1. Formerly of Guayaquil, Ecuador, the young soldier resided with the Clarks for several months prior to entering the Army and was employed by Agrotors, Inc. of Gettysburg. He will leave September 14 for an 18 month tour of duty in France.

Mr. and Mrs. Malcolm Spaulding and daughter, Patricia Ann, Hanover, visited Sunday with Mr. and Mrs. Ray Baumgardner, Seven Stars.

Mr. and Mrs. Louis Brady and daughter, Connie, R. 5, spent the weekend with Mrs. Brady's brother-in-law and sister, Mr. and Mrs. Norman France, Baltimore.

Mr. and Mrs. Clarence Schwartz Jr., Littlestown, are spending the week in Detroit, visiting relatives.

Mr. and Mrs. Harvey Moritz Jr. and son, Kenneth, Mrs. Harvey Moritz Sr., and Mrs. Lula Kauffman, all of York, spent Sunday with Mr. and Mrs. Luther Byers, R. 3.

The Gettysburg branch of the American Association of University Women is sponsoring a play, "The King of Hearts," at the Totten Pole Playhouse Monday, August 24, at 8:30 p.m. Tickets may be purchased from Mrs. Kermit Heretier, and Mrs. Raymond Sheely. The tickets are \$2 each. The proceeds will go toward the scholarship-fellowship fund.

The final mixed-couples tournament at the Gettysburg Country Club will be held Thursday evening at 5 o'clock. The ladies are asked to bring meat for grilling and a covered dish.

Dr. and Mrs. G. Donald Wickert, N. Howard Ave., have returned home from a five day trip to Akron, Ohio, and Corry, Pa.

Mr. and Mrs. J. L. Bowmaster and son, Orrel, Grand Rapids, Ohio, have returned home after spending a few days with Mr. Bowmaster's brother and sister-in-law, Mr. and Mrs. Charles Bowmaster, Orrtanna, and his mother, Mrs. J. W. Bowmaster, Baltimore St.

Sunday the Bowmasters were entertained at a picnic dinner at the home of Mr. and Mrs. Charles Bowmaster. Sixty-nine persons attended. There were 22 great-grandchildren, 18 grandchildren and nine out of the 10 children present.

Mr. and Mrs. John Linn, Fairfield R. 2, entertained friends and relatives at their home recently in observance of their 25th wedding anniversary.

The Practical Nurses Association of Adams County will not hold its picnic supper tonight. The event has been postponed until August 25.

The deacons meeting of the First Baptist Church was held recently at the home of Mr. and Mrs. William Coleman, R. 3. A picnic supper preceded the meeting. Five deacons and their wives were present. They were Mr. and Mrs. Wayne VanDyke, Mr. and Mrs. Ellis Mallow, Mr. and Mrs. Andy Grinbergs, Mr. and Mrs. Kenneth Hess, and Mr. and Mrs. William Coleman.

Mrs. J. Ferris Grogan and children, Kathy, Tony and Ann, Waldwick, N. J., are spending two weeks with Mrs. Grogan's mother, Mrs. George Shealer, S. Stratton St.

The Horticulture Buds 4-H Club held its last meeting recently at the home of Audrey Yingling, R. 1. There were 10 members and two leaders, Mrs. Herbert Zepp and John Naugle, present. Naugle discussed the flower arrangements the club members brought. The group visited the flower gardens of Thelma Ridinger and Sandra Wise. After the meeting Miss Yingling gave a picnic for the club.

The Harrisburg Rd. Outdoor Cookery 4-H Club held its last meeting at the home of Betty and Nancy Martin, R. 4, Monday evening. Eighteen members and the leaders, Mrs. Helen Tunison and Mrs. Herbert Zepp, were present. The leaders checked the record books and project work which the members will exhibit at the county roundup August 21 at York Springs.

The club voted to hold a Christmas party with the time and place to be decided later. Committees appointed for the party are: Hostess, Nancy Martin, chairman, Jane Kammerer, Sandra Zepp and Linda Gantz; games, Betty Martin, chairman, Linda Miller and Diane Taughinbaugh. Refreshments were served following the meeting.

Mr. and Mrs. Robert Swisher and daughter, Roberta, college campus, and Mr. and Mrs. Harry Sterner, Hanover, visited Saturday with Mr. and Mrs. Lester Swisher and family at their cottage at Brown's Dam.

Mr. and Mrs. Harold McCauslin and children, Scott, Lance and Ricky, Neptune Beach, Fla., are visiting Mr. McCauslin's mother,

Mrs. Ralph McCauslin, Biglerville R. 1. Ricky McCauslin has been spending the summer with his grandmother, Mrs. Arthur Cunningham, Granite Station, and will return home with his parents.

Mrs. Ivan Collins, York St., spent the weekend with her son-in-law and daughter, Mr. and Mrs. Thomas Gimpel, Washington, D. C.

Mr. and Mrs. William Fellers, Wilmington, Del., spent Monday with their son-in-law and daughter, Mr. and Mrs. Jack Corbin and family, S. Howard Ave.

Miss Marie Wolfe, Baltimore, has returned home after spending two weeks with her uncle and aunt, Mr. and Mrs. Victor Woerner, R. 3.

Miss Gwen Gensler, Lemoyne, is spending the week with her cousin, Mrs. Alfred LeVan Jr., Baltimore St.

Arthur Stebbins, Washington, D. C., and Mr. and Mrs. R. E. Alderman and daughters, Lillian and Audrey, Tampa, Fla., spent Sunday with Mr. Stebbins' son-in-law and daughter, Mr. and Mrs. Joseph L. Davies and family, R. 1. Mr. and Mrs. Drexel Collier and daughter, Leslie, also recently visited the Davies.

Mrs. C. A. Deitch, Carlisle St., spent the weekend with her daughter, Mrs. Glenn Freed and daughters, Glenda and Donna, Harrisburg. Mr. and Mrs. Kenneth Deitch, Devon, were recent guests of Mr. and Mrs. Deitch.

Quits \$50 Job For One Paying \$25

CHARLOTTE, N.C. (AP)—Nathan Miller — who said two months ago he might have to offer his new-born triplets for adoption because of financial difficulties — is leaving a \$50-a-week job he got as a result of his plight and returning to his \$25-a-week job as a hired hand.

Paul Jones, operator of an egg farm near here, gave Miller a job, and a house with the stipulation that the Millers keep their triplet girls.

But Miller, 35, said Monday, "My family just ain't satisfied, that's all. And there's a heap of walking in this egg job. And I've got bad legs. In my other job I rode a tractor mostly."

Miller, his wife, the triplets and their three older children were to return to Clarendon Plantation, near Southport, N.C. Owner Cornelius Thomas is giving Miller his old job.

Asks For Courtesy For Khrushchev

WASHINGTON (AP)—Vice President Richard M. Nixon said today that Soviet Premier Nikita Khrushchev should be treated with the same courtesy with which Nixon was treated in Russia.

"Not because this is going to change him from being a Communist nor because it's going to soften his position in world affairs, but because the President deserves the best possible climate when he sets down and discusses knotty problems with him," Nixon said. Nixon's remarks were made in a television interview with Sen. Hugh Scott (R-Pa) filmed for release by Pennsylvania television stations.

Apply More Poison To Eliminate Rats

Vogel-Ritt workmen were engaged this afternoon in applying another application of rat poison to the former town dump in Cumberland Twp.

The workmen were called by Burgess Wilbur Plank this morning when Mrs. Ruth Kelley, Gettysburg R. 1, reported to the burgess that the "rats are out of hand again." The application this afternoon is one of several scheduled in the battle to exterminate the rats before earth is placed over the dump permanently closing it.

Emmitsburg Sends Sewer Notices

The burgess and commissioners of Emmitsburg have sent notices to property-owners within the corporate limits that they must connect to the sanitary sewer lines by October 1 or a fine of \$300 will be levied on them. This applies only to those property-owners who have the old WPA sewer line available to their property.

Owners of properties that will use the new sewer system will have six months after the announcement is made authorizing them to tap into the line.

PAPER DRIVE FRIDAY

Cub Scouts of Pack 76 will collect paper Friday evening in Fairfield and Cashtown. Persons living in rural areas who wish to contribute paper may take it to the residence of Harry Kane, next to the fire hall, in Fairfield.

OTHER SURVIVORS

Additional survivors of Sister Mary Hilda, whose death was reported Monday, include two aunts, Mrs. Harry Cunningham, S. Washington St., and Kathryn Elixer, Washington, D. C.

Engagement

Baker-Wolford

Mr. and Mrs. Reuben Wolford, Gardners R. 2, announce the engagement of their daughter, Patricia Lou, to Robert R. Baker, York Springs, son of Mr. and Mrs. William Baker, Renova.

Miss Wolford graduated from Carlisle High School with the class of 1959 and is employed by C. H. Masland and Sons, Carlisle. Mr. Baker graduated from Renova High School with the class of 1956 and is employed by C. H. Musselman Co., Biglerville.

No date has been set for the wedding.

Deaths

By THE ASSOCIATED PRESS
NEW YORK (AP)—Dr. Ernest Jack, 84, internationally recognized educator and statesman, died Monday. He was consultant to the director of the Near and Middle East Institute, which he helped to found at Columbia University. He was born in Urach, Germany.

PHILADELPHIA (AP)—Joseph T. Connolly, 46, a vice president of the Columbia Broadcasting System and general manager of radio station WCAU at Philadelphia, died Monday. Death was attributed to pneumonia complications which set in after a successful brain operation several weeks ago.

PARIS (AP)—Jacques Baroud, 84, historian and former deputy, died Saturday.

DETROIT (AP)—Dr. A. G. Studer, 91, a nationally known leader in the YMCA, died Saturday. He retired in 1946 as secretary general of the Detroit YMCA branch. Studer, who was born at Montreal, was a pioneer in adult education.

HUDSON, N.H. (AP)—Roy H. Cross, 70, who developed a gyro-stabilizer used in Army tanks in World War II, died Sunday after a lengthy illness. Cross, who was born at Nashua, N.H., had been a manufacturing engineer for Westinghouse Electric Corp. for many years.

PUC Authorizes Phone Transfer

HARRISBURG (AP)—The Public Utility Commission Monday authorized the York Telephone and Telegraph Co. to transfer 34 multiparty line subscribers from its Dillsburg exchange to the Dover exchange Sept. 10.

The firm said the change was necessitated by State Forests and Waters Department construction on a park and reservoir near Dillsburg.

Since the Dover exchange has a bigger free local service area than Dillsburg, monthly rates for multiparty Dover patrons are higher by 25 cents for residential service (at \$2.50) and \$1 for business lines (at \$4.50).

While losing toll-free service to Dillsburg and Mechanicsburg, the new Dover subscribers will gain toll-free service to York, East Berlin and Manchester.

Ways To Harness H-Bomb Improves

WASHINGTON (AP)—A possible breakthrough in the search for a way to harness an H-bomb reaction for peaceful purposes has been reported by the Naval Research Laboratory.

Dr. W. R. Faust, who described the work Monday, was cautious in appraising it but said it was a step forward.

The problem in harnessing the H-bomb reaction comes in heating heavy hydrogen gas to a tremendous temperature — in this case 28 million degrees — until its atoms fuse and release energy, and then containing the gas long enough for the fusion to take place.

Faust said Dr. Alan Kolb succeeded in containing the gas longer than previously reported for such a high density gas.

CORRECTION

Among the survivors of Jesse C. White Jr., 4, who died Friday morning, was his oldest brother, Howard, who was inadvertently omitted from the first announcement.

Michael Adair, 8, son of Mr. and Mrs. Gordon Adair, R. 1, was treated Sunday at the Warner Hospital for a fracture of his right forearm sustained when he fell while swinging on a clothesline.

Upper Communities

Telephone Mrs. John Leeti, Biglerville 8

Mr. and Mrs. Earl Dunlap and family, Biglerville, have returned home after spending several days in Chicago and Detroit.

Rodney Dunlap, Biglerville, attended a recent baseball game between the Chicago Cubs and the Los Angeles Dodgers at Wrigley Field, Chicago.

Mrs. Nora Dentler and Mrs. Walter Slaybaugh, Biglerville, and Mrs. Jack Oyler and daughter, Bonita, Gettysburg, recently attended the Women's Missionary Association workshop at Rhodes Grove, Chambersburg R. D.

Mr. and Mrs. Herbert Bishop and family, Biglerville R. 1, spent last week with Mr. Bishop's parents, Mr. and Mrs. Herbert Bishop Sr., Wakefield, Va.

Miss Alma Fritz, McKnightstown, returned home Sunday after spending several days in Hartford, Conn., with Mrs. Angie Williams and Mr. and Mrs. Everett Collar and family.

Guests Saturday evening at the home of Mrs. Margaret Peters, Bendersville, were Mr. and Mrs. Neil Lansing and children, Kitty, John and William, Paris, France; Mr. and Mrs. Harry Shields, Oak Lane, Philadelphia; Mrs. Mildred Shields, Philadelphia; Mr. and Mrs. Robert Carter, Mr. and Mrs. George Kline and daughters, June and Anna, and William Kline, all of Mt. Holly Springs. Mrs. Lansing is the niece of Mrs. Peters.

The Executive Committee of the United Lutheran Church Women of Trinity Lutheran Church, Arendtsville, will meet Thursday evening at 8 o'clock, at the church.

Th Wensville Methodist Church Choir will rehearse at the church Thursday evening.

The Bendersville Fire Co. will meet Wednesday evening at 8 o'clock at the fire hall. All members are urged to attend this important meeting at which time business transactions resulting from the recent carnival will be completed.

Mr. and Mrs. Larry Lawver and son, Brad, moved Monday from the apartment of Mrs. Revere Thomas on N. Main St., Biglerville, to their new home at Grantham.

The annual Emanuel Baker reunion was held Sunday at the South Mountain Fairgrounds, near Arendtsville, with 114 members and 18 guests present. Picnic lunches were served at noon, and games played in the afternoon with prizes awarded the winners.

The newly-elected officers are as follows: President, Lawrence Lohss; vice president, Mrs. Effie Heffner; secretary, Mrs. Helen Baker; treasurer, Mrs. Janice Heffner; program committee for 1960, Mrs. Dorothy Rau, chairman, Janice Heffner, Ralph Heffner and Robert L. Baker. Awards were given as follows: Annual attendance award, Mrs. Lillian Baker, York; oldest person, Lydia Marshall, Dillsburg; first persons to arrive, Mr. and Mrs. Verne Baker, York; largest family of great-grandchildren, Mrs. Lottie Irvin, Biglerville; youngest baby, Lori Sue Heffner, daughter of Mr. and Mrs. Ralph Heffner, Cashtown; heaviest lady, Mrs. Jane Lohss, York; horseshoe award, Dan Baker, Orrtanna. An award was also given to the retiring president, Dale Baker, Orrtanna R. 1. Guests attended the reunion from York, Dillsburg, Gettysburg and Table Rock.

The next reunion will be held at the same place on Sunday, August 21, 1960.

Children, grandchildren, and great-grandchildren of James and William Thomas met at Willow Mill Park on Sunday for a family reunion. A picnic lunch was served at noon and games were played by the children with prizes awarded the winners.

Prizes were also awarded to the following: Persons traveling the greatest distance, 600 miles, Mr. and Mrs. George Thomas, Paw Paw, Mich.; oldest man present, John W. Thomas, Alliance, Ohio, 74 years; oldest woman present, Mrs. Cora Hoffman, York Springs R. 1, 85 years; youngest baby, five-week-old son of Mr. and Mrs. Adam Wolfe, York Springs R. 1; most recently married couple, Mr. and Mrs. Wayne Wolfe, York Springs R. 1.

New officers elected were: President, John E. Thomas, Biglerville; vice president, Sylvester W. Hammaker, Lemoyne; secretary, Mrs. Phyllis Goodyear, Red Lion; treasurer, Herman E. Goodyear, Red Lion, and historian, Clayton A. Griest, York.

The 1959 president, John E. Thomas, presided during the business meeting. Out-of-county persons attending the reunion were from Ohio, Michigan, York, Red Lion, Lemoyne and Hershey. The next reunion will be held at the same place on Sunday, August 21, 1960.

Emmitsburg**DISCUSS FIRE
CONVENTION
PLAN, PARADE**

President John J. Hollinger presided at the recent meeting of the Vigilant Hose Co., Emmitsburg, with approximately 40 members present. A report of the progress to date by the parade committee for the annual convention to be held here next month was given by George Danner, parade chairman. The report indicates that the parade will be a large one with numerous bands, marching units and floats already registered, he said.

Guy A. Baker Jr., chairman of the souvenir booklet for the convention, reported that advertising revenue to date is "well over \$1,000." The 28-page booklet will be on sale in the near future, he reported.

Fire Chief John S. Hollinger reported that two fires were extinguished during the past month. They consisted of a field and a clothing fire. Four applications for membership were received and will be voted on at the next regular meeting.

President Hollinger, also president of the Frederick County Volunteer Fireman's Association, announced that the business meeting to be held during the convention will take place in the VFW Annex. The Ladies Auxiliary of Frederick County will meet in the fire hall during the convention and all will join for refreshments at the local VFW following their business meetings.

The president also reported that the annual crab feast held recently was a success with 75 members attending.

Two new dry chemical extinguishers of 10 and 200 pound capacity were recently purchased by the company and a new 200 gallon portable pump also was bought. The old pump was sold to the Emmitsburg Water Co. Chief Hollinger reported that the booster tank on the 1951 engine had been repaired during the month.

The group agreed to change the date of its next meeting to the first Tuesday in September instead of the regular meeting date of the second Tuesday.

**Bowers Reunion Is
Held In Taneytown**

There were 160 present for the annual Bowers reunion which was held in Memorial Park, Taneytown, Sunday. Earl Bowers, president, conducted the business meeting which followed a basket lunch.

Prizes were awarded as follows: Edward Copenhagen, oldest man present; Mrs. Harry Cuttall, oldest woman present; Mr. and Mrs. Harvey Lockner, couple married longest; Mr. and Mrs. Orville Legore, Dixon, Ill., coming longest distance; Mr. and Mrs. Maurice Bowers and Mr. and Mrs. Paul Boyd, largest families; and Robin Little, youngest present.

It was decided to hold the 1960

"HEART OF A HOME"

The heart of a home is tender love . . . the kind that's good and true . . . fashioned with a steadfast faith . . . which helps to see us through . . . love makes the home a happy place . . . where songs and laughter dwell . . . it makes the weakest structure . . . a mighty citadel . . . for love's a magic garden . . . where only sweet things grow . . . as long as there is true love . . . our hearts will be aglow . . . aglow with treasured things of life . . . which count the most of all . . . yes, those who keep love in their hearts . . . can answer any call . . . that's why I say the heart of a home . . . is true and tender love . . . capable of lifting us . . . into the skies above.

4-H CLUBS HAVE

(Continued From Page 1)
County 4-H Dairy Club, Oscar Rice presented the showmanship plaques and Charles Roche, technician for Curtis Improved Stud Service, the fitting plaque.

Projects included in the round-up included flower gardening, vegetable gardening, tomato, potato, corn, insect, lamb feeding, rabbit, beef breeding and dairy cattle.

Among the agriculture leaders present were County Agent Frank S. Zettle and his assistants, John Naugle and Duane G. Duncan.

The event started at 10 a.m. and was completed about 3 p.m. Those attending had basket picnic lunch at noon.

reunion the third Saturday in August at the same place.

Forty per cent of the cotton supply of the world is raised in the United States.

**ORCHESTRA TO
GIVE CONCERTS**

The Gettysburg Symphony Orchestra will present three concerts during the 1959-60 season. It was announced today. All concerts will be held in the Gettysburg High School auditorium.

On October 22 at 8:30 p.m. the orchestra will feature Bonnie Caplan, harpist, and James Fisher, flutist. January 7 soloist Paul Chalfant, violinist, will appear. Mr. Chalfant is concertmaster of the orchestra and is publisher and editor of the Waynesboro Record Herald.

A choral group will appear with the orchestra on April 8. They will present excerpts from Messiah by Handel as well as works by Chopin and Paderewski. Series and individual tickets will be available at the Hotel Gettysburg and the symphony office.

Dr. William Sebastian Hart, musical director of the orchestra, will appear on the coast to coast ABC-TV network in early October. The program may be viewed locally over channel 13. The half-hour show will feature his talk, "Music - The Art of Sound." This program is produced by the Johns Hopkins University of which Dr. Hart is an alumnus.

CAR IS DAMAGED

M. Guise, 156 Breckenridge St., reported to borough police this morning that someone had apparently backed a car into his 1959 MG sports car on Reynolds Ave. causing \$70 damage to the grille.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times

FIFTY YEARS AGO
Death Foretold By Photograph:
The death of Mrs. Howard McGrail, a former resident of Bendersville, which occurred in Harrisburg on Sunday morning was foretold by a peculiar photograph incident. Mrs. McGrail visited in Adams county last week, returning to her home in Harrisburg last Thursday.

Mr. McGrail has a large photograph and on Saturday evening took it into the rear yard of his home and began running off several new records which neighbors had given him. During the playing his wife came out to listen while the instrument played her favorite hymn: "Holy, Holy, Holy." At its conclusion she requested her husband to repeat it.

As he was about to accede to her request the record suddenly broke in two in his hands. He was startled, as the record was perfectly new, but in order not to alarm her he said: "O, no, I'll try something else. I never did like that myself," and going over to the cabinet he selected a little catchy song that had always been one of her favorites. He carried this one over to the machine and was about to put it on when that record also crumbled in his hands. Mr. McGrail was visibly startled, and having a feeling that something was wrong, turned around to put the machine away when his wife gave a little scream and he saw that she was ill.

Simultaneously with the breaking of the second record she had become critically ill. She was helped into the house and her little 6-year-old daughter, Beryl, looked after her until medical aid was summoned, but the breaking of the records had been death's token. She died several hours afterward.

Neither of the records had ever been used and no reason could be given for the breaking, as they were not cracked. Mr. McGrail said he felt the moment the second had broken that something was to befall her.

New Parochial Residence: Rev. Father Millner, pastor of the Catholic church at Fairfield, has purchased the home of J. A. Snyder, to be used as a parochial residence. This parish has had no such residence up to this time. The purchase price was \$1200.

Battlefield Visitors: Clarence H. Snook and family, of South Bend, Ind., and Rev. Charles W. Brewbaker, of Chambersburg, viewed the battlefield by automobile Wednesday. They were shown over the field by G. W. Stape.

Searching For Murderer In Adams County: Great excitement has prevailed in Gettysburg and all over the county since it was learned here on Thursday evening that an escaped murderer who jumped from a rapidly moving passenger train near York was supposed to be heading in this direction. The fugitive escaped from Sheriff Hager of Cecil County, Maryland, who had brought him all the way from Santa Rosa, California, where he had given himself up.

Sheriff Hager, from whom the man made his escape, learned that his charge was making his way toward Adams County and Thursday afternoon drove from Hanover to Hunterstown and from there to Granite Station. Shortly after he left Granite Station Mr. John Stallsmith of that place saw a man answering the description. Later in the evening Mrs. Stallsmith saw him again and Detective Wilson was at once notified.

This morning it was believed that the man was caught. Word was received from Two Taverns that a man answering exactly the description of the murderer had been there and was on his way to Barlow. Detective Wilson and Burgess Holtzworth at once started in a team for that section. Sheriff Hager was also following up the man who proved to be the same as the one seen at Granite and the officers caught

Today's Talk

LIGHTS AND LAMPS.
I love lights — lights of every design. Lights that glorify the city, lights that give guidance to the streams of cars that ply the highways, lights that give assurance in a world of dark places.

In my youth I used to follow the man with a torch as he lighted the streets of the town. I dreamed of the time when I might be a lamp lighter. My one great ambition now is to be a lamp lighter to people whom I meet from day to day for they are Lamp Lighters to me!

With the invention of the electric lamp by Edison, the whole world took on lights and people have grown in knowledge because of this great invention. From my New York City office windows I view a line of lights for as far as the eye can reach — a golden stream that is an inspiration. What would we do if these lights had never been invented?

I like to think that these daily Talks may possibly be lights to encourage others. We all need such guidance. There are too many dark places in the world, and there cannot be too many lights. Lights are silent overseers to safety.

Many are the intricate designs for lamps in great halls and dining places, and on trains and steamships. A great city is a wonderland of lamps. Why can't we all be Lamp Lighters? We can help to bring cheer and hope to many. Influence is mostly silent and full of peace.

Tomorrow Mr. Adams will talk on the subject: "Tools."
Protected, 1959, by The George Matthews Adams Service

Just Folks

ONLY ONE TOPIC
There's only one topic today
That holds our attention at all;
Whatever we start out to say
We always wind up with
Baseball.

The fairest of maidens will stop,
Though a lover be begging her hand,
And ask him: "Are we at the top?
Oh, where do the Tigers now stand?"

The finest of meals will grow cold
While the arguments quickly get warm,
And the hostess may fret and may scold,
She may say it is very bad form,
But what are the soup and the fish,
The entrees or even the meat?
To us, what's a delicate dish
When we want to explain a defeat?

The Russians may scare! What of that?
The marriage of Mabel or Grace
Falls decidedly, decidedly flat,
And really is most common-place;
And murders or fires, I declare,
We pass up as terribly tame;
The one topic talked everywhere
Is our team and the national game.

him near the home of William Keefe near Mount Joy church. The clue proved to be false however, though there were some points of similarity between the suspected man and the one really wanted.

Bonneauville, Hunterstown and other places in the county also sent in reports of suspicious characters being seen, but these clues also proved false. Several strangers in Gettysburg were under close surveillance for a time but later allowed to go.

The murderer was later captured about ten miles from York on the road leading into East Berlin.

School Board Meeting: The celebration of Labor Day with its annual parade and picnic has never met with so much success in Adams county in the past but the coming one promises to be a gala day.

The P.O.S. of A. and J.O.U.A.M. are making big preparations to celebrate the first Monday in September as it is celebrated in other cities and towns. Invitations have been extended to all of the Orders in Adams and York counties.

Committees from the two orders met last night to arrange the program. These committees will then meet a committee from the school board to perfect their plans.

GIANTS HIKE LEAD; BRAVES DODGERS SPLIT

By ED WILKS
Associated Press Sports Writer

A bunch of Willies-come-lately these San Francisco Giants, what with Willie Mays, Willie McCovey or Willie Kirkland coming through in the late innings to keep 'em out front in that National League pennant chase.

Since taking over first place on July 30, the Giants have won 12 of 17 games—and in 9 of those victories they didn't score the clincher before the seventh inning. Fact is, in the 9 late comebacks, two were won in the seventh, three in the eighth, two in the ninth and two in extra innings.

Kirkland's done the job three times, Mays and McCovey twice each.

Come From Behind
It was that way again Monday night as the Giants came from behind with five runs in the last three innings for a 6-3 victory over Cincinnati that gave San Francisco a three-game bulge. Mays drove in the run that tied it 3-3 with a sacrifice fly in the seventh inning. A pinch single by McCovey got the winning run home in a two-run eighth.

That added a half-game to the Giants lead as second-place Los Angeles split a two-night double-header at Milwaukee, winning 4-3 after losing 8-1 to the third place Braves, who trail by four games.

Pittsburgh beat the Chicago Cubs 7-6 in a battle for fourth place, and St. Louis defeated Philadelphia 5-4.

Seventh Inning Homer

A seventh-inning homer by Don Zimmer, his fourth, did it for the Dodgers in the nightcap after they had caught the Braves with three runs in the fifth, two of them unearned. Johnny Podres (10-7) won it with five innings of four-hit, shutout relief. Bob Rush (5-4) was the loser in relief for the Braves, who scored their three in the first inning against Stan Williams.

Three Home Runs
Milwaukee backed a seven-hit performance by Bob Buhl (10-8) with three home runs in the opener. Joe Adcock's 17th came with a man on in a three-run first inning against loser Sandy Koufax (6-3), who also gave up Ed Mathews' solo 34th in the second inning. Hank Aaron, who missed two games because of back trouble, was 4-for-5 in the opener, including his 31st home run.

The Pirates, who trailed 4-0 after three innings, took the lead in a three-run fifth triggered by Rocky Nelson's two-run homer, then needed a walk, Bob Clemente's single and an error to break a 6-6 tie in the seventh. Ernie Banks drove in three runs for the Cubs, two with his 37th home run, good for the major league homer lead. Rookie Fred Green won his first major league decision in relief for the Bucs. Bill Henry (7-6) lost it.

Drives In Three
Curt Flood drove in three runs for the Cards, counting the clincher in the sixth with a sacrifice fly against loser Ray Sempach (3-9). Wilmer Mizell (12-7) beat the Phils for the fifth time without defeat this year, but needed Lindy McDaniel's relief after he had them blanked on three hits for eight innings.

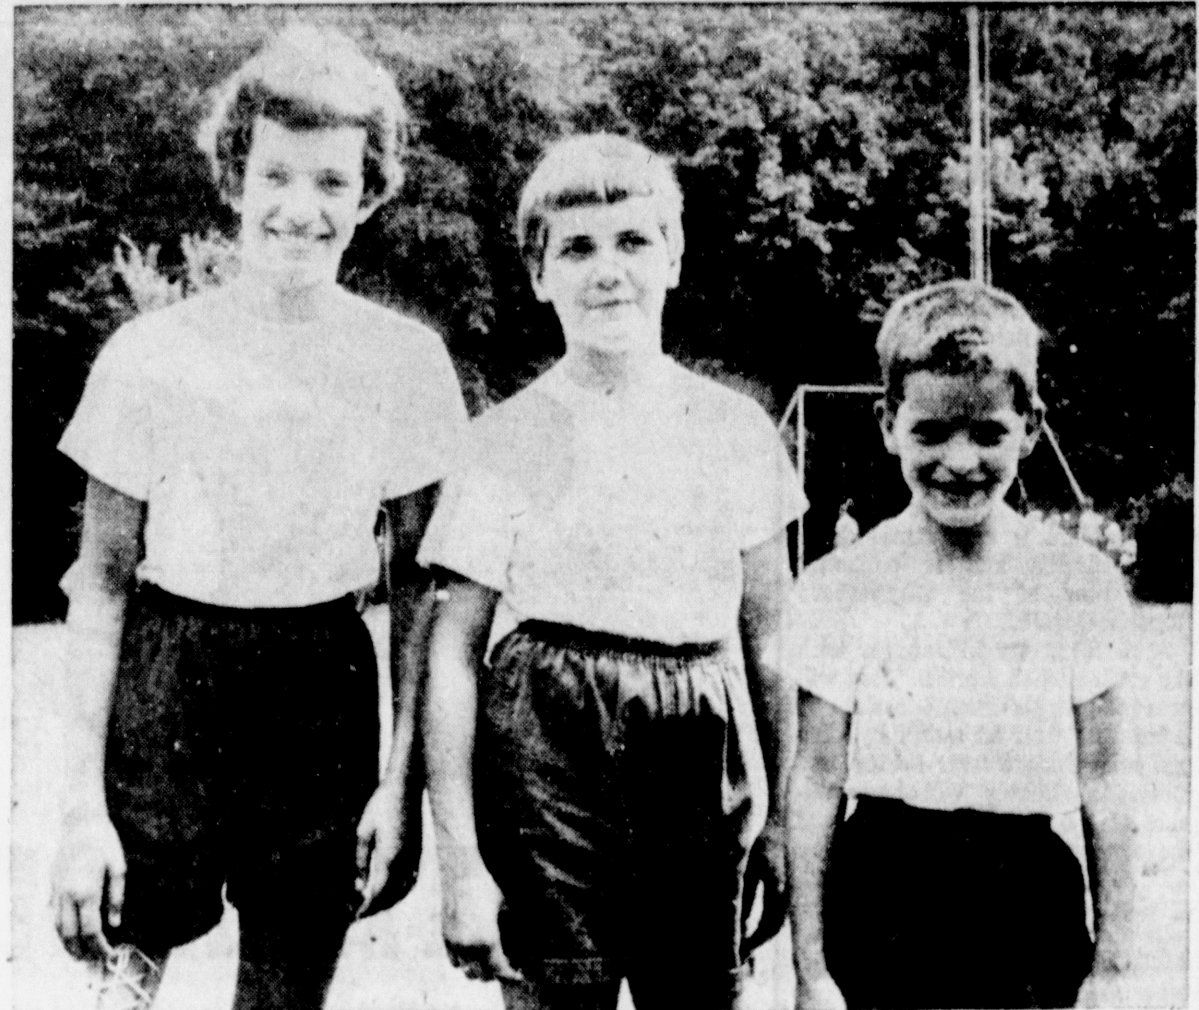

As known to our readers the flag pole at the High School building on York street was presented to the school by Hon. Wm. A. Martin and planted by William H. Johns, without a cent of cost to the School board. The further indication of this public spirit remains to be proven and a good opportunity will be afforded on Labor Day.

Three Adams County youngsters attending Camp Easter Seal, near Somerset, under sponsorship of the Adams County Society for Crippled Children and Adults, are shown Sunday at the camp. The children are, left to right: Sandra Spence, 11, daughter of County Treasurer and Mrs. Clark Spence, of Orrtanna, who suffers from cerebral palsy; Margaret Miller, 11, daughter of Mr. and Mrs. Francis Miller, Hanover R. 4, who wears an artificial leg, and Thomas R. Roth, son of Mr. and Mrs. G. Henry Roth, S. Stratton St., who suffers from infantile paralysis.

The children are three of five sponsored by the county society at the camp this summer. Patrick Hahn, 10, son of Mr. and Mrs. Herbert Hahn, McSherrystown, and Shirley Weigle, eight, daughter of Mr. and Mrs. Frank Weigle, Gettysburg R. 4, both suffering from cerebral palsy, were at camp during July. The Roth youngster was at the camp throughout its eight-week period. All of the children, of which there are 97 in the camp, receive physical therapy or other treatment as needed along with their regular camping activities.

JUBILANT GOP PREDICT GOOD LABOR BILL

WASHINGTON (AP) — Jubilant Republicans contended today that through their efforts and those of President Eisenhower, the Democratic Congress is heading toward passage of a strong labor control bill.

Senate Republican Leader Everett M. Dirksen of Illinois predicted in an interview that Congress will pass a bill satisfactory to Eisenhower.

A Senate-House conference committee sets out late today to try to compromise differing Senate and House versions. The conference was arranged after some GOP senators won an understanding that the Senate will get a chance to vote on the House bill at some point if no agreement is reached.

Raps Senate Bill
Eisenhower had criticized the Senate-passed bill as ineffective, and had spoken out strongly for the more restrictive bill which the House later passed. But the Senate made no effort Monday to vote on the House bill as a substitute for its own.

Rep. Leslie C. Arends of Illinois, assistant House GOP leader, said in a separate interview Republicans had received a political shot in the arm by House passage last week of the stronger measure.

The Senate checked action on the labor bills to the Senate-House conference committee only after a lengthy debate over what it will do if that group can't agree on a compromise version.

Dirksen said the administration's position is that any compromise must contain some provisions dealing with secondary boycotts, blackmail picketing and the no-moral-land area of state and federal jurisdiction over complaints. These are all in the House bill but are covered by less stringent provisions of the Senate bill.

Trinidad, in the West Indies, was named by Columbus in 1498 for the Holy Trinity.

Littlestown

J. Dolores Hawk
Times Reporter—Phone 334-J

LITTLESTOWN — There will be 12 teams in the Littlestown Men's Bowling League this year and the schedule was drawn up and rules and regulations voted on at a planning session held last week at Boyd's, E. King St. Copies of the schedules, the rules and the ABC rules will be distributed on the first night of league bowling, Wednesday, August 26 at Banker's Restaurant and Recreation Center, N. Queen St. The schedule for the evening will be as follows: Littlestown Five and Ten vs. the Record Shop, VFW Post vs. the Eagles Lodge and Eddie's Cleaners vs. the Mystic Chain, at 7 p.m.; Littlestown Foundry vs. Boyd's, Dutterer's Restaurant vs. Renner's Atlantic Service and Crouse's Cranes vs. Keystone Cabinet at 9 p.m.

Six hundred roast chicken and ham suppers were served to the public at the annual picnic of St. John's Lutheran Church Saturday in the church grove. A concert was presented by the Littlestown High School Blue Band under the direction of Paul A. Harner.

The Littlestown Lions Club will observe family night with a dinner meeting in the Christ Church grove hall Thursday at 6:30 p.m. Fried chicken will be served by the women of Christ Church. Arrangements are in charge of the citizenship and patriotism committee, Clayton L. Evans, chairman.

A gathering of the immediate family of the late Samuel L. and Carrie (Dayhoff) Hawk, of Littlestown, was held on Sunday on the lawn at the home of Mr. and Mrs. Sterling Whitmore, near Finksburg, Md. There was horse-shoe pitching and horseback riding during the social afternoon. A basket lunch was enjoyed in the evening. Present were Mr. and Mrs. John R. Hawk, Mr. and Mrs. Edward F. Hawk, daughters, Dolores and Sandra, Mrs. Jesse Hawk, Mr. and Mrs. David S. Little, children, Kay, Patty, Jon and Jay, Mr. and Mrs. Richard A. Little Jr. and son, Gregg, all of or near Littlestown; Mr. and Mrs. Samuel P. Hawk, Silver Run; Mr. and Mrs. Lawrence Bankert.

GATOR GREETER
MOBILE, Ala. (AP) — Mrs. W. S. Harris stepped into her carport, yawned at the bright morning sun, and leaped back into her kitchen. She was wide awake. A 2½-foot alligator had yawned back at her.

Mrs. Harris said she was sure it wasn't anybody's pet "because he snapped at us before we got him tied to a tree." She said the alligator probably came from a nearby swamp.

Mrs. Louise Myers and Mrs. Gladys Junior will serve as hostesses at the second August meeting of the Eagles Auxiliary at 8 p.m. Wednesday in the social room of the FOE home, W. King St.

The annual picnic of Mt. Joy Lutheran Church, along the Littlestown-Taneytown Rd., will be held Saturday, August 29. Roast chicken and ham suppers will be served to the public beginning at 4 p.m.

Over 300 members of Mason and Dixon Memorial Post, VFW, attended the annual stag picnic Sunday in Myers' Grove, near Bonneville. General arrangements for the affair were in charge of Earl J. Weaver and Charles F. Bridinger.

Members of the Woman's Community Club of Littlestown and vicinity and their guests, who plan to spend Friday evening at Allenberry, near Boiling Springs, will leave at 5:30 p.m. from in front of the POS of A building, E. King St., by bus. The group will have a smorgasbord supper and then attend the playhouse production of "Plain and Fancy." Mrs. Clarence Beachel heads the committee on arrangements for the trip.

MOM CHECKS ON WEDDING

SOGNE, Norway (AP) — Mrs. Nelson A. Rockefeller set out today to check on her son's wedding plans and make sure the bride and groom haven't forgotten anything in the world-wide excitement generated by their romance.

The Lutheran Church has been selected for Steven Rockefeller's marriage to Anne Marie Rasmussen. The attendants have been chosen, and the reception is organized.

Saturday is the big day for joining the scion of Rockefeller millions with the blonde daughter of a simple, proud Norwegian family.

Mrs. Rockefeller, who comes from Philadelphia's Main Line, indicated she especially wants to see the church and then the reception hall.

Steven's mother arrived Monday after an overnight jet flight from New York. Gov. Rockefeller is due here Friday.

Mrs. Rockefeller's first evening here was spent at dinner with the Rasmussens. She knows no Norwegian, and the bride's family knows no English—so Anne Marie interpreted.

PHOENIX, Ariz. (AP) — Joseph R. Valle told Phoenix police his surplus sales company was robbed.

Stolen were a bolt cutter, some drill bits — and a watchdog.

Small Village Applies For Doctor

DIVERNON, Ill. (AP) — Wanted: a physician.

This village of 1,000 is without a doctor and the nearest one is 20 miles away.

Robert Bramley, secretary of the Divernon Lions Club, sent a request for a doctor to Louis G. Raupp, director of the Alton office of the Illinois State Employment Service.

The application seeks a reputable doctor, licensed in Illinois with long experience or just starting practice.

Radio In Pocket Gives Away Thief

DOERUN, Ga. (AP) — Police Chief C. L. Hall's ear for music helped catch a bank burglar. Hall heard a radio playing in the coat of a young man and asked him where he got it. The youth said he took the radio as security for a \$150 loan from a friend. The friend admitted to Hall that he had taken the radio from the bank when he was unable to break into the vault.

SKULNIK IN NEW ROLE

NEW YORK (AP) — Menasha Skulnik, a comic with a flair for poignant characterization, next plans to portray a frustrated but philosophic lawyer.

The play, "The Law and Mr. Simon," is by Julie Berns. An eight-week summer tour is anticipated prior to Broadway exhibit next fall.

5 PROBLEMS
FACE LEADERS
OF THIRD LOOP

By JOE REICHLER

Associated Press Sports Writer
NEW YORK (AP) — At least five basic problems were slated to be thoroughly discussed today when baseball's top brass met with organizer William A. Shea on the projected third major league.

1. Where does this unborn Continental League plan to recruit the necessary 200 players?
2. What would be left of the minor league structure if the new league were to raid the ranks of the International League, American Association and Pacific Coast League?

3. How many cities actually could produce stadiums of major league quality and capacity?

4. How would the Continental League maintain the interest of the players and public without World Series incentive?

5. What would the new league propose to compare favorably with the major league players' pension plan?

Commissioner Ford Frick, head of the seven-man major league committee, acknowledged he was eagerly waiting to hear the answers. Shea, the New York lawyer and guiding spirit of the still unborn Continental League, admits he'd like to know some of the answers himself.

Shea, however, insists his league has no financial, personnel or park problems.

Shea has backers for five teams lined up. The founding five are New York, Houston, Minneapolis, St. Paul, Denver and Toronto. It is believed he has applications for membership from San Diego, Portland, Seattle, Buffalo, Miami, Montreal, Dallas-Ft. Worth, San Juan and Puerto Rico.

SCHOENDIENST
SLOW GETTING
INTO CONDITION

By DAVE O'HARA

Associated Press Sports Writer
MILWAUKEE (AP) — The 1959 season is running out on Red Schoendienst but the Milwaukee Braves' veteran second baseman is looking ahead to next year.

Schoendienst, battling back from a bout with tuberculosis, is finding it tougher than he expected to get into condition.

"The doctor won't allow me to run much, and running is baseball," the 36-year-old redhead said. "You have to be in shape to play this game and you can't get into shape without running."

Rejoins Club
Schoendienst rejoined the Braves and donned his No. 4 uniform Monday for his first appearance in Milwaukee County Stadium since the World Series last fall.

"I feel good — very good," he said with a big grin. "But, heck, I'm not ready yet. Hitting the ball in batting practice isn't the same as going out there in a game."

Often called the sparkplug of Milwaukee's National League champions the past two years, Schoendienst still is hopeful of being able to help the Braves in September. But it appears doubtful.

Major League Stars
By THE ASSOCIATED PRESS
Pitching—Paul Foytack, Tigers, beat the second place Indians 5-4 with an 8-hitter, walking none, striking out 7 and allowing only 4 hits over the last 7 innings.

Hitting—Willie McCovey, Giants, drove in tie-breaking run with an eighth-inning pinch single in 6-3 victory over the Reds.

Batting (based on 300 or more at bats) — Aaron, Milwaukee, .371; Cunningham, St. Louis, .350.

Runs — Pinson, Cincinnati, 103; Aaron, Milwaukee, and Mays, San Francisco, 91.

Runs batted in — Banks, Chicago, 115; Robinson, Cincinnati, 102.

Hits — Aaron, Milwaukee, 174; Pinson, Cincinnati, 166.

Doubles — Pinson, Cincinnati, 40; Aaron, Milwaukee, 39.

Triples — Pinson, Cincinnati; Neal, Los Angeles; Mathews, Milwaukee, and White, St. Louis, 8.

Home runs — Banks, Chicago, 37; Matthews, Milwaukee, 34.

Stolen bases — Mays, San Francisco, 23; Cepeda, San Francisco, 19.

Pitching (based on 12 or more decisions) — Face, Pittsburgh, 15-0; Antonelli, San Francisco, 16-7.

Strikeouts — Drysdale, Los Angeles, 185; S. Jones, San Francisco, 156.

Hitting—Willie McCovey, Giants, drove in tie-breaking run with an eighth-inning pinch single in 6-3 victory over the Reds.

SOUTH PENN BASEBALL LOOP

A special meeting of the South Penn Baseball League will be held Thursday evening at 8 o'clock at the American Legion Home, Baltimore St.

Arrangements for the playoffs between the four top teams, which are scheduled to open next Sunday, will be made.

One regular season game remains, Mummaburg playing at Bruchtown Wednesday evening to make up a postponed affair.

President Robert Krichen requests all teams have representatives attend the meeting.

SAYS GREED
FOR QUICK BUCK
HITS BASEBALL

By FRITZ HOWELL

Associated Press Sports Writer
PORTLAND, Ore. (AP)—Short-sighted major league greed for a "quick buck" is blamed by Clyde A. Perkins for the present plight of minor league baseball.

And the executive vice president of the Portland club of the Pacific Coast League, and president of the recently organized Independent Baseball Club Assn., is determined to do something about it.

Perkins charged baseball is gradually "dying on the vine" since "in the last 10 years it has passed from owners who were sport-minded into the hands of syndicates who are money mad—and it is now fast developing into a situation where it is losing its sporting value and becoming a racket."

"Violate Laws"

He continued: "I am certain from what I've learned from senators and congressmen and others in high places that baseball will be declared in violation of the anti-trust laws. If this happens they will have no one to blame but themselves."

"They have created an aroused public from the grass roots all over the nation and my advice to them would be to start cleaning house immediately and to get rid of the weak leadership that they have in many top positions."

"That leadership does not have a dime in baseball and is interested in one thing—the salary and expense account."

Perkins said he wants to work within the present minor league structure if possible, in ironing out what he terms the unwarranted invasions by the majors.

Upper Adams
Pony League

The White Sox-Dodgers game at Arendtsville Monday evening was halted by rain after two innings with the White Sox leading 6-0.

A decision will be made today whether the game will be replayed or cancelled.

Eddie Hildebrand captured the Red Legs batting crown for the 1959 season with a .529 batting average. The Red Legs won the first and second half championships of the Upper Adams Pony League.

Team Averages

Eastern League
By THE ASSOCIATED PRESS
Davis, Hopke and Keegan. No. not a business firm.

Just an baseball crew that's helping keep Williamsport atop the Eastern League.

They teamed up again Monday night to lead the Grays to a 5-2 victory over Binghamton.

The win kept the Grays a game and a half ahead of Springfield which defeated Albany 1-0 in the only other game played.

Lancaster at Allentown and Reading at York were rained out.

Jack Davis, who leads the league in homers (26), settled for two singles Monday night, but they produced three runs.

He singled with the bases loaded in the first to get the Grays off to a 2-0 lead.

Clouts 2-run Homer
Then after Binghamton had tied the score with runs in the third and fourth, Davis singled in the winning run off Rudy Serrett (9-8) in the sixth after a walk and a single by Fred Hopke.

Hopke iced the game for the Grays with a two-run homer (22) in the eighth, pushing his runs batted in total to 100. He also collected another single and his three hits boosted his average to .311.

Ed Keegan tossed a two-hitter for his 10th victory against six defeats. He pitched hitless ball over the last five innings after an unearned run in the third and an earned run in the fourth on a walk and Tom Tresh's double.

Juan Marichal (14-13) pitched his sixth shutout of the season in blanking Albany on a five-hitter. He struck out 12 and did not allow any walks. He now has 177 strikeouts, tops in the league.

It was a tough loss for Bill Kirk (1-3) who allowed only seven hits and struck out nine.

Springfield pushed across the winning run in the fourth when, after one out, Bob Farley doubled, moved to third on an infield out and scored on Ed Herstek's single.

Tonight's Games
Williamsport at Binghamton

Play For League Title Tonight

The Arendtsville Cardinals, shown above, won the second half title of the Upper Adams Little League and tonight meet the Pirates, first half titlists, on the Arendtsville Little League diamond at 6 o'clock for the overall championship.

Front row, left to right, Wallace Kane, Raymond Bosserman, Fred Ditzler, Rickey Stover, David Wilkinson, Robert Wilkinson.

Second row, Daniel Orner, Kenneth Sell, Tony Austin, Bernie Baker, Russell Orner, Billy Sterrett, David Dillman.

Third row, Assistant Manager Bruce Hartman, Dennis King, Ralph Beamer, Bruce Hartman, Frank Swayze, Ken Ketterman and Manager Glenn A. Bream. (Times Photo)

TRIBE LOSES;
BILLY PIERCE
INJURES BACK

By ED WILKS

Associated Press Sports Writer
The Chicago White Sox managed to hold their American League lead without Dick Donovan, but can they do it without Billy Pierce?

With Donovan still a question mark after a three-week layoff because of an ailing shoulder, the White Sox pitching staff was handed another jolt Monday when Pierce was sidelined for from five to eight days. The stubby southpaw pulled a back muscle last weekend.

That puts more pressure on Early Wynn, a wonder at 39, Bob Shaw and Batty Latman, their only dependable starters, and relievers Turk Lown and Gerry Staley for what figure to be 10 telling days for the White Sox.

11 Games in 10 Days

Chicago plays 11 games in those 10 days, then plunges into a four-game series at Cleveland against the second-place Indians, still 3 1/2 games behind after dropping a three-game series to Detroit.

The Indians, blowing a 3-0 lead, lost 5-4 to the Tigers in the only game scheduled in the AL Monday. It was a quick make-up game for Sunday's rainout at Detroit, which wiped out a 5-0 Cleveland lead.

Pierce (12-13) hasn't contributed as much as expected to the White Sox drive, winning only four of seven decisions since they blasted off from second place, two games behind Cleveland, for a 27-10 record beginning July 5.

Tigers Rally To Win
The Indians built a quick lead at Detroit yesterday, scoring three in a second inning triggered by Rocky Colavito's 35th home run.

But the Tigers battled back behind the eight-hit pitching of Paul Foytack (11-10), the right-hander Cleveland bombed Sunday. He gave up only four hits over the last seven innings.

Gary Bell (13-10) was the loser after winning five in a row as a reconverted starting pitcher. Charley Maxwell hit his 26th homer for the Tigers, who came from behind with three in the fifth, capped by Harvey Kuenn's two-run single, and put it away in the sixth on Lou Berberet's sacrifice fly.

Fairfield
Little League
The Fairfield Little League officially came to a close Monday when the managers of the Giants and Cardinals, through mutual agreement, decided that since the game had no bearing on the league standings, that they would not play the postponed game of August 4. The Cardinals were named champions of the newly-formed league.

Think Your Wife's Too Expensive? Read About This French Gal's Cost

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

You think your wife is expensive? Mme. Pompadour, famous 18th century French mistress, is reported to have spent \$100,000 a year on perfume alone, just to smell nice for King Louis XV.

Feeling tired and rundown? Why not try a wonder drug popular with the ancient Greeks? They thought you'd have good health and long life if you drank a portion of wine, cloves, and hippopotamus fat. Either red or white wine will do, but be sure the hippopotamus fat is properly chilled.

Abe Was First
How times change! Comic George de Witt says he saw a late movie on television that was so old the Germans were bad guys!

The Schick electric razor people just got a shock. A poll they made disclosed 200,000 U.S. men now wear beards, and the number is growing.

Incidentally, can you name the first American president with a beard? It was Abraham Lincoln, who at 50 started letting his whiskers sprout after an 11-year-old girl had written and suggested a beard would make him look more dignified.

Latest Fad
Latest fad-of-the-week in Greenwich Village? Dyeing eyebrows a color different from the hair.

When you enter a store for the first time, in which direction do you turn? About 79 per cent of Americans instinctively turn to the right.

Facts that will get you nowhere: You spend as much energy in opening and closing your eyes in a year as it would take to hoist an 8-year-old child to your shoulder once.

Two-tone Gondola
You can't get a ride in a two-tone gondola in Venice. These water-borne taxis, in use there for nearly a thousand years, are traditionally painted black.

In most of Europe convicts aren't given an added sentence for trying to make a prison break. Their desire to escape is taken as normal.

Old gags never die: Singer Lisa Kirk tells of the indignant woman who complained to the zookeeper that the monkeys were gambling at cards. "It's all right," soothed the keeper. "They're only playing for peanuts."

Definition Of Democracy
A democracy has been described as a country in which you can call the president anything you want to, but you have to be polite to the traffic cops.

Speaking of traffic cops, never tell them, "I'm sorry." For some reason — probably because they feel it is usually insincere — this is the phrase that infuriates them most.

If your wife wonders why she is getting fat, tell her this: She is probably still eating as much as her mother did. But, where her mother needed 3,000 calories to get through the day, she herself needs only 2,000 calories because modern home appliances make her life so much easier.

The Talkingest
On the other hand, if you like to keep your home life happy, don't tell your wife any such thing. We're still the talkingest people on earth. The world now has about 120 million telephones, of which 63 million are in the United States.

It was John Ruskin who observed: "There is no wealth but life."

Harney
HARNEY — Among recent visitors of Mr. and Mrs. Chester Moore and son, Gene, were Clarence Moore, Hershey, and Mrs. Thomas Hammon, Westminster.

Mr. and Mrs. Russell Clabaugh and son, Mr. and Mrs. George Clabaugh, Mr. and Mrs. Theron Clabaugh and son, Mr. and Mrs. Fred Spangler and son, Mr. and Mrs. Ralph Vaughn and family and Raymond Clabaugh attended the Clabaugh reunion at Young's Park, near Hanover.

Mrs. Warden Smith and family visited Mr. and Mrs. Howard Smith and family, Baltimore, Thursday.

S/Sgt. and Mrs. John R. Overholzer have moved into their apartment in Washington, D. C., after spending several weeks here with Sgt. Overholzer's parents, Mr. and Mrs. Melvin Overholzer Sr.

Mr. and Mrs. John Snider, Chambersburg, formerly of here, visited Mr. and Mrs. Harry Clutz and other friends in Harney last Tuesday.

Defer Pleading In Murder Case

POMONA, Calif. (AP) — A two-week continuance has been granted for Dr. R. Bernard Finch to plead to a charge of murdering his wife.

Deputy Dist. Atty. Fred N. Whitchell asked for the delay Monday. The prosecutor said he wished to await the outcome today of the preliminary hearing of Carole Tregoff, 22, the physician's red-haired sweetheart. The ex-model is accused with Dr. Finch in the slaying of Barbara Jean Finch the night of July 18.

One woman was elected to the Commons in 1921 in the first federal election in which Canadian women had the franchise.

The POWER of FAITH by Howard Bredie

FAITH AMERICANS LIVE BY - 6

"We are all wrestlers," said Ed (Strangler) Lewis to a group of fathers and sons in Tulsa, Okla., recently. "At my right is a ring with God's love, mercy, faith and all good. At my left, hatred, revenge, self-pity, all the negative qualities. We are all wrestling against the darkness of the world."

Fourteen years ago, this five-time world heavyweight wrestling champion, was in his words "at rock bottom" physically and spiritually. Then he says, "I put my absolute reliance in the Man above."

Recently, I ate lunch with this hearty, energetic 70-year-old man of good will. He talked of the value of sports and sportsmanship and the importance of faith. He is dedicated to youth and has spoken to as many as 25,000 in one week. A Bible student, he has lectured to church groups, and has spoken in prisons across the nation.

Once a killer cursed and threatened him as he passed a prison dungeon. Ed introduced himself. The convict had been a wrestling fan and they engaged in friendly conversation. "Kindness," said Ed, "breaks down all barriers that hinder the brotherhood of man."

Mill Creek turns the wheel which turns a two-horsepower generator.

34 CUBANS ARE ORDERED OUT OF CHILE TODAY

By STANFORD BRADSHAW

SANTIAGO, Chile (AP) — Chile today detained a Cuban party of newsmen and soldiers accompanying Raul Castro on a so-called goodwill trip timed to coincide with the Inter-American foreign ministers' conference in Santiago.

The Chilean government promised every courtesy to Raul himself. But there was some doubt whether Prime Minister Fidel Castro's fiery brother would get here before the conference ended today.

Raul, commander-in-chief of Cuba's armed forces, stopped overnight in Lima, Peru, heightening speculation that he never had intended to appear before the conference. Both he and his brother have called it a farce.

"Grab Headlines"
There were strong suspicions among some conference delegates that Raul's trip was planned to grab headlines from the conference, which has been seeking ways to lessen tensions in the Caribbean created partly by invasions launched from Cuba.

An advance Cuban military plane, carrying 21 newsmen, 13 bearded soldiers equipped with pistols and machineguns and a crew of 7, was seized when it landed here Monday. The party was kept under guard and ordered to leave the country today.

Chilean officials said the Cubans did not have the advance permission required for the landing of a foreign military plane carrying armed personnel. They said none of those aboard had Chilean visas and some did not have identification papers.

Ignore Criticism
Brushing aside the Castro's criticism, the 21 foreign ministers meanwhile agreed unanimously to give special temporary powers to the Inter-American Peace Committee in an effort to curb further invasions by would-be revolutionaries and their sympathizers.

But as a conciliatory move, a step was taken toward enforcement of human rights in the hemisphere—an action some delegates regarded as directed toward the Dominican Republic's strongman, Generalissimo Rafael L. Trujillo, and President Luis Somoza of Nicaragua.

The foreign ministers agreed to preparation of a convention on human rights for presentation to the 11th Inter-American conference in Quito, Ecuador, next year.

EAT AND SEE
PINE BROOK, N. J. (AP) — Bargain rates in dining are a new attraction offered to theater patrons here. A night-out package has been developed in which showgoers can have a pre-play dinner at one of several restaurants at a combined minimum of \$4.95.

Nixon Favored By Chairman Bloom

HARRISBURG (AP) — Pennsylvania's Republican state chairman has expressed a personal preference that the party's presidential nomination go to Vice President Nixon next year.

But George I. Bloom told newsmen Monday night the state's powerful delegation to the national convention would be uncommitted when it goes to Chicago for the nomination convention.

Bloom also listed Gov. Nelson Rockefeller of New York as a potential candidate around whom the party could rally.

Bloom made the statements on a television panel show (Capitol Correspondents—WTPA).

MISS HANSBERRY SIGNED

NEW YORK (AP) — Dore Schary has commissioned Lorraine Hansberry to write an original script for the first of a series of 90-minute spectacles to be aired in 1961 by the NBC television network.

Miss Hansberry is author of the Broadway hit "A Raisin in the Sun" which won the Drama Critics citation as the season's best play.

Schary is staging five Civil War video programs between his activities as a Broadway writer, director and producer.

NAME CHANGED

NEW YORK (AP) — To end confusion Paddy Chayefsky has changed the name of his new drama from "The Dybbuk from Woodhaven" to "The Tenth Man." The show arrives on Broadway next fall.

A spokesman for the production explained that "dybbuk," a Hebrew word for wandering spirit, mystified some people, and that others didn't know where Woodhaven is (it's part of the Borough of Queens in the City of New York).

James MARLOW Reports

The Associated Press

WASHINGTON (AP) — Things worked out neatly for President Eisenhower.

Now he can try a couple of kinds of fish—by mixing business with courtesy—when he goes to Europe later this month.

Some of Europe's crowned and government heads have visited him these past few years. Naturally, if he went to Europe, he would be expected to repay the visits.

But to make the rounds might keep him as much as six weeks away from the United States, or so he thought.

Will Meet De Gaulle

Then he got tangled up with Premier Nikita Khrushchev and things straightened out.

First, there was French President Charles de Gaulle, who looks upon himself as a symbol of French dignity and is forever worrying about preserving it.

For some time Eisenhower had wanted to meet the Frenchman in an effort to settle some problems but there was no sign De Gaulle would come here.

Eisenhower doesn't worry as much as De Gaulle about protocol—or the question of who visits whom first.

But then he ran into his problem: If he set foot in Europe he has other visits to repay and they would take time.

Deal With Red

While this was going through Eisenhower's mind, the President worked out his deal with Khrushchev for an exchange of visits, starting in mid-September.

This created another problem. An Eisenhower-Khrushchev visit

is the kind of thing that might jitter American allies with visions of secret deals, since their two countries dominate the Communist and non-Communist worlds.

To make sure the allies got no such notion, Eisenhower decided to go to Europe and reassure them.

His arrangements call for Eisenhower's leaving here Aug. 28 and getting back before Khrushchev arrives Sept. 15.

Repay Courtesy Calls

So, while he was in Europe, Eisenhower could repay some of the courtesy visits but, since he'd have to be back fairly soon to meet Khrushchev, his courtesy calls wouldn't take those six weeks he used to have in mind.

He will fly first to West Germany to see Chancellor Konrad Adenauer and President Theodor Heuss. Both had called on him here, Adenauer in 1957, Heuss the next year.

Then the President will scoot back to London, fly to Scotland to see Queen Elizabeth who visited him in 1957. This will be a brief session.

The President goes back to London then for meetings with British Prime Minister Harold Macmillan who called on him last March after visiting Khrushchev in Moscow.

Paris Conference

From London Eisenhower goes to Paris to confer with De Gaulle. This may last several days. The two men have a lot to talk about. De Gaulle isn't easy to talk to.

The President probably won't have time for other stop-offs to repay visits by Belgian King Baudouin, by Sweden's Prince Bertil and by Norway's Princess Astrid.

It is possible Eisenhower, after visiting Khrushchev later this year, will find time for some other stops on the way back.

He has been talking of making goodwill visits in other places around the world before his presidency ends in January 1961.

Riding with Russell

REG. U.S. PAT. OFF.
by FREDERICK C. RUSSELL
Member S.A.E.

Your safety outlook still depends largely on your lookout. Many things help to wear out your car, but traffic is getting to be the number one car killer. A thousand miles in congestion is the equal of 5 thousand miles of highway travel so far as car wear goes. Every unit of the car wears overtime when you are rolling along with the herd, stopping and starting, swinging in and out of lanes, shifting braking and swaying.

It is for this reason that so many motorists try to figure out less congested routes. They may even go several miles out of their way to avoid the stop-and-go strain. Caught in traffic they also keep in mind that there are ways to cut down the number of operations if special attention is paid to "reading" the traffic lights. Traveling the same course can also be less wearing on the car if done at a different time. Sometimes the difference is one of ten minutes before a peak or a few minutes after it.

Traffic often takes a higher toll simply because the car is not up to the demands placed on it. Skipping on its service needs may easily place it in a vulnerable position where it tends to overheat, lack power or not stop as efficiently. Currently most costly wear is due to failure of owners to keep the automatic transmission in prime condition. Properly serviced it can save the car a lot of wear.

How To Silence It
A noisy fuel pump is one of the common annoyances of the day, and often it can be silenced by remounting. This has been probably guessed that all this does is change the pump's position slightly, provided the new remounting serves its purpose. To accelerate your chances of effecting a cure try drilling the front bolt hole slightly larger. The pump can then be repositioned just enough to bring about the desired silence.

Just for the record those who like to delve into automotive history will find that rubber mountings for engines first came into the picture in 1922. Floating power came along nine years later. Anti-knock gas came along in 1924

while two years later we were treated to the first hypoid rear-end gears. In 1928 we saw the first stock car with the synchromesh transmission; the year later bringing down draft carburetion. Many will question that power brakes came into the picture on several makes of leading cars in 1933. I drove one of them.

Mechanic Joe Speaking
"If you are faced with the problem of finding out what causes vibration in the car, don't overlook the fact that different things produce vibration in different speed ranges. For instance, unbalanced wheels and tires will not cause vibration at speeds under 30 mph. A whipping propeller shaft can be quite a source of trouble but not until the car is rolling along at road speed. "On the other hand uneven compression in the cylinders will be noticeable at lower car speeds. So will loose motor mounts, or an unbalanced clutch. In addition, various engines have periodic vibrations which show up at different speeds."

What's Your Trouble?
Q. There is a decided flat spot when I am trying to accelerate my car. The acceleration pump is working properly. J. F. H.
A. This could be due to trouble with the automatic transmission, but also check to see if the anti-percussion valve on the carburetor opens too early. This leans out the mixture so that you get a flat spot on the next acceleration.

Q. What material is best for cleaning windshields? H. L. V.
A. My understanding is that old linen is best for this purpose.

Q. Are there more fatal accidents involving drivers over 65 years of age than those under 18? T. G.
A. In 1958 the figures are 5.9 and 4.1 per cent respectively.

Q. Why can't mufflers be wrapped in asbestos to prevent rusting? H. D.
A. There are two reasons. First the muffler must be exposed to air draft for proper cooling. Second, the rusting starts inside the muffler, not outside.

Q. Can you tell by the appearance of a spark plug when it is due for the discard? J. L. S.

A. A badly pitted insulator and eroded electrodes usually suggest that plugs have come to the end of their usefulness, especially if they have been in the engine 10,000 miles or so.

Q. My car doesn't seem to pick up properly when I slow down in traffic. If I come to a complete stop, however, it gets away with its usual zip. A change in gasoline hasn't helped. E. E. S.
A. This looks to me like the result of the automatic transmission not shifting down to Low as it should.

Q. Ever since having a new set of spark plugs installed the engine has been popping back through the carburetor at higher speeds. The plugs are the same heat type as before, and every care was taken to set the points accurately. L. B. Jr.
A. Quite likely several of the original gaskets were not removed. In using an extra gasket a plug is slower cooling. In other words this is like using a hotter type plug. That accounts for the pre-ignition when the engine is working hard.

Q. Usually I've been troubled with too low generator charging rate. This time it is much too high. Now what? T. G.
A. The generator's regulator points may be sticking.

Q. There is no oil pressure being indicated, yet the engine of my car seems to run all right. L. L. R.
A. The gauge is defective. Any genuine oil pressure drop of such proportions would present real engine trouble.

Mr. Russell will answer questions regarding the safe care and operation of your car. Just address him care of the Gettysburg Times and enclose stamped, self-addressed envelope for a personal reply. Please confine inquiries to one subject and limit letters to 100 words or less.

CHANGE IN POLITICS
HONOLULU (AP) — Outdoor political rallies are on the way out in Hawaii.

Republicans and Democrats campaigning for the island chain's first state elections July 28 are turning to small size "coffee hours" for closer direct contact between candidates and voters. They are also making wider use of television, radio and newspapers to reach the people.

SHE LIKES CATS
MUSKOGEE, Okla. (AP) — Miss Mary Carolyn Boudinot, said she preferred her 40 cats to living in Muskogee. A court ruled she must give up all but four of her 40 cats, but she said she would move first.

THE DRIVER'S SEAT

Some authorities have compared the motorist driving along a strange route to a man in an isolation chamber. He is cut off from almost all communication with the world around him. Only traffic signs convey information he needs to reach his destination, conform to laws and regulations, avoid hazards and stay out of trouble.

This is especially true at night, when the hazards are greatest. Traffic authorities estimate that there are some 50,000,000 traffic signs and markers on the nation's roads and streets.

The average motorist is likely to take the traffic signs pretty much for granted, until someone he knows gets hurt because a needed sign wasn't there, or its warning message could not be seen. Only then do drivers realize how completely dependent on traffic signs they and all the other motorists are.

Traffic experts know the importance of signs and have done much to make them better. They devote many hours of scientific study to putting the right sign in the right place and to making signs as easy as possible to see and understand. They use distinctive shapes and colors to distinguish the various types of signs and, working through national associations and Federal authorities, have established uniform sign standards, to speed recognition by motorists from all parts of the country.

However, in many areas as many as 50 per cent of all signs, particularly on the older roads and streets, are not suitable for the job they are supposed to do. At night the percentage may be even higher.

With limited money and manpower, and hundreds of miles of roads and thousands of signs to maintain, most local authorities welcome the assistance of motorists in keeping signs in first-class condition. Here are two things you might do to improve signs where you drive:

1. Check the signs in your neighborhood. Have some signs been knocked down, or become bent, mutilated, dirty, faded or in need of repair? Are they obscured by parked cars, or are they mounted where they can be seen easily? Are they illuminated or made of reflective material so they can be seen at night, as well as by day?

2. If you find something wrong with signs in your neighborhood, report them to the local traffic official responsible for signs. Most local safety councils and automob-

bile associations provide a clearing house for such information and will be glad to help your efforts to keep signs doing the important job they are supposed to do.

Ever think of yourself as a foreigner? Well you are, as far as traffic engineers are concerned, most of the time you're driving your car. Highway engineers, coldly logical fellows, say a "foreigner" is a motorist traveling on roads or streets with which he is not familiar.

And highway engineers, suspecting that foreigners are causing a lot of automobile accidents, are trying to figure out what to do about it.

For example, they reason, a man driving on a road for the first time has no way of knowing all the dangers of the road as local people do, especially at night. Therefore, the foreigner is more likely to get into an accident than the local folk.

Remember that bad curve on the road you drive on the way to and from work? You know about it, but the motorist who has never traveled your roads doesn't. There is a good chance that he'll be into the curve, off the road and dead before he ever knew what happened to him.

Many states are taking a second look at the signs on their roads, because they realize that people driving their roads for the first time are completely dependent on the road signs for warnings of danger. Oregon, for example, has started to make its signs bigger and easier to read, so foreigners won't go speeding along, see too late a turn they wanted to take, jam on their brakes and cause an accident when the car behind can't stop in time.

Some cities are making it easier for motorists to find their way around. They've been putting up big, reflective street name signs that can be seen at night. Motorists driving into Detroit and Chicago at night for the first time will find a lot of these street name signs. So they won't have to crawl along at a few miles an hour, searching for a strange street name, while faster-moving traffic behind them rides practically radiator-to-trunk.

Some states are providing big map-signs of local areas. There are parking spaces in front of the signs, and foreigners — like you and I — can pull off the roads, read the map-sign and find out how to get — safely — where we want to go.

Discussion of aid for foreigners often leads to heated expressions of opinion, but the kind of foreign aid highway engineers are talking about seems to be something that nobody will quarrel with.

By FLOYD CLYMER

THE INTERNATIONAL TRADE

FAIR FEATURES IMPORTED

CARS — The recent International Trade Fair held at Navy Pier in Chicago celebrated the opening of the St. Lawrence Seaway, which will tremendously increase water traffic to the Midwest. Some 500 exhibitors from 65 nations displayed material valued at 34 million dollars — said to be the most comprehensive display of imported goods and products ever shown in the United States. Seventy-five imported vehicles were shown at Chicago's Imported Car Show. The sponsors of the Fair intend to continue the Imported Car Show as an annual feature. Cars shown include: Volkswagen, D.K.W., Mercedes-Benz, Borgward, Taunus, Isotta, B.M.W. and N.S.U. Prinz, all from Germany; Volvo and Saab from Sweden; the Fiat from Italy; the Peugeot and Renault from France; the Toyopet, Tri-Mobile and Daihatsu from Japan; the Austin, Sunbeam, Morris Minor, Hillman, Singer, Hummer, Jaguar, Standard Triumph, the English Ford line (which includes Anglia, Prefect, Escort, Squire, Consul, Zephyr, Zodiac and Thames), Austin-Healey, Rolls Royce and M.G. from Great Britain.

IS VAPOR COOLING COMING? — There may be a new cooling system in your automobile of the future. There will be no water pump and the car will be cooled by water boiled into a vapor in the engine instead of by a coolant in a fluid form.

This new method is called ebullient cooling and Dow Chemical Co., which supplies products to automobile manufacturers, has completed tests using this system on a Chevrolet V-8. The Dow system is to boil the coolant out of the engine. This converts the liquid to a vapor which is directed through the radiator, where it is condensed to a fluid and returned to the engine.

Engineers consider this method desirable, due to the fact that a pound of vapor will remove more than 60 times as much heat from an engine as will a pound of water.

Ebullient cooling has been used on stationary engines for many years, but this is the first time there has been any serious work done by a company with a substantial amount of funds earmarked

to carry on adequate research for the project.

In running comparison tests between the conventional method of cooling and the ebullient system, engineers found that, at speeds between 30 and 65 mph, exhaust valve seat temperatures were 10 degrees cooler, the cylinder wall temperatures were 20-35 degrees higher, and the crank case oil temperature was 22-29 degrees higher.

The ebullient system also requires a number of parts which now are foreign to present water-cooling arrangements now used. There are a vapor-liquid separator, extra coolant outlets in the block, return lines from the radiator to the separator, and a condensate return pump.

YOUNGSTERS PLAY IMPORTANT ROLES IN SAFETY PROGRAMS — According to the National Safety Committee, young drivers throughout the country are playing an important part in helping their community organize and conduct free and voluntary Vehicle Safety-Check programs.

The first reported Vehicle Safety-Check in 1959 was sponsored by young drivers in San Bruno, California, where the Lightning Rods Teen-Age Car Club safety-checked 324 vehicles in January. Early in April students of seven high schools in Peoria, Illinois, conducted a teen-age Safety-Check. Scores of reports of other teen-age sponsored community programs are arriving daily at National Headquarters.

Young drivers can be the key to a successful community program. By setting up Safety-Check lanes at their schools, checking their own cars for safe driving, and helping at community check lanes, teen-agers have shown they are responsible drivers interested in the safety of the community.

The National Hot Rod Association urged all its Charter Clubs to cooperate in community programs or to conduct their own. The U.S. Department of Agriculture Extension Service Newsletter of April 15 encouraged 4-H Clubs to help conduct Vehicle Safety-Check programs in their communities. Many other nationally known youth organizations have participated locally in community Vehicle Safety-Check programs. They include the Boy Scouts, DeMolay, Future Farmers of America, and the Junior Dep-

uty Sheriff's League.

UNITED STATES LOSES LEAD IN WORLD AUTOMOBILE PRODUCTION — For the first time almost since the inception of the automobile industry, the United States lost her lead of world production of automobiles in 1958. Automobile manufacturers in countries outside of the U.S. produced 50.4 per cent of all of the cars manufactured in 1958; thus leaving the U.S. with a production of 49.6 per cent of the world total. In 1957 U.S. was leading, with 62.4 per cent; as against 37.1 per cent for the rest of the world. —Floyd Clymer Motor Syndicate

The five largest cities, in the order named, in the Rocky Mountain States are Denver, Phoenix, Salt Lake City, Tucson and Albuquerque.

An upstairs telephone shortens your steps, lengthens your life

When you're upstairs with your housework, running downstairs to the phone can be tiresome and annoying. An upstairs telephone certainly can save you time and bother. In fact, extra telephones throughout the house are such blessings. Do you have them?

THE UNITED TELEPHONE COMPANY OF PENNSYLVANIA

FAIL TO STOP CHANGEOVER AT HOSPITAL

HARRISBURG (AP)—A move to block the changeover of the children's annex at the Samuel G. Dixon State Hospital in Franklin County for additional tuberculosis patients was defeated in the House Monday night.

Rep. Enos H. Horst (R-Franklin) maintained the changeover would be a hardship to the 413 mentally retarded and physically handicapped children housed at the annex, technically a part of the Pennsylvania State School in Chester County.

Transfer Children

The state plans to incorporate the annex into the Dixon State Hospital, which treats tuberculosis patients, and transfer the children to the Charles H. Miner State Hospital at Harrisburg, Berks County. Tubercular patients at the latter institution would be sent to Dixon.

Horst maintained it cost \$150,000 to \$200,000 to convert the Dixon Annex for treatment of handicapped children. Under questioning by Horst, Rep. Stephen McCann, House Democratic leader, said it would cost \$50,000 to convert the Hamburg Hospital for such treatment.

The Franklin County legislator maintained it would be more economical to continue the handicapped children's treatment at the

Power Failure Cripples 500 Blocks In Manhattan

By MARK T. SHEEHAN

NEW YORK (AP) — Lights flickering off in hospital operating rooms. Elevator service knocked out in huge apartment buildings. Packed subways, with a sweating human cargo, trapped in underground tunnels.

That was the picture as a sudden power failure struck the heart of Manhattan.

The power failure hit thousands of buildings in a 500-block section of upper Manhattan, leaving a half million people without elevators, air conditioning, traffic lights, or any of the complex systems that keep a great city functioning smoothly.

The power failure began in mid-afternoon Monday. Gradual restoration continued into the early morning hours today.

Mercury Near 90

The mercury was near 90 when power went off and the humidity was suffocating. Suddenly every intersection became a traffic jam.

Then the recovery began. In hospitals, emergency lights came on. Extra police poured into the area, straightened out the traffic. Police sent emergency generator trucks to Mount Sinai Hospital, where nine polio patients in iron lungs depended on auxiliary power.

Subways, which have independent power but were stopped when signal lights went out, began to crawl, as workers with red lanterns signalled the way was clear ahead.

City Without Lights
Apartment dwellers began to find out it feels to climb stairs.

Then darkness came, and New Yorkers in the stricken area saw the eerie spectacle of a city without lights.

In hospitals, they faced the problem of getting expectant mothers to delivery rooms without elevators. At least one child was delivered in the beam of a flashlight.

But New York night life went on. Bartenders bought candles by the dozen, and complained because the beer was warm.

Children, when they found the television and radio sets wouldn't work, enjoyed the novelty of seeing candle flames flickering along Broadway.

Vaults Wouldn't Close
Bank vaults wouldn't close, and extra guards were assigned. At a radio station disc jockeys had a field day. The turntables were knocked out, so no records could be played, and the listeners were treated to one, long, continuous line of chatter.

Meanwhile 10,000 employees of the Consolidated Edison Co. labored to repair the damage to power lines, apparently caused by a record demand made by refrigerating and other cooling devices.

Extra police were assigned to Central Park, which stretches through the middle of the darkened area. More patrolmen walked the shadowed streets, lit only by the headlights of passing cars.

In all, 3,000 extra police were sent into the blacked-out section. Hours later, as power began to come back on, police reported only one burglary and one assault.

Series Of 170 PETITION

(Continued From Page 1)

their sleep by the first earth shock. There were no reports of panic.

Sidewalks Buckle

A newsman vacationing in Yellowstone National Park, Dean Stone of Maryville, Tenn., counted five separate temblors, the last at about 4:30 a. m.

Sidewalks buckled at Boise, Idaho. A miniature tidal wave was reported in Skaha Lake, 150 miles inland in British Columbia.

The chief ranger at Yellowstone said all plate glass windows in the town were broken.

Several rockslides followed the first temblor in the park itself. Travel was halted throughout the park. Roads from the east through the park were blocked by rockslides.

Telephone Damage

Telephone communications either were down, or were swamped with calls from alarmed residents.

State CD Director Potter said an early report told of two feet of water cascading over Hebgen Dam.

The dam is 87 feet high, 700 feet across at the top and tapering to 100 feet at the bottom.

The Montana Power Co., which owns the dam and Hebgen Reservoir, said the lake holds a third of a million acre-feet of water. Officials began lowering Mea-

(Continued From Page 1)

resent a large proportion of the adult population of the township. In the 1950 census it was credited with 464 residents.

The petitions state: "Whereas, it has come to the attention of the undersigned residents of Freedom Twp., Adams County, that garbage, rubbish and other refuse is presently being hauled into Freedom Twp. and deposited and accumulated within that township;

Called "Offensive"

"Whereas, the hauling of garbage, rubbish and other refuse is to Freedom Twp. for deposit and accumulation within the township is offensive to the undersigned residents;

"Now, therefore, the undersigned do hereby respectfully petition the Board of Supervisors of Freedom Twp. to enact as soon as possible an ordinance prohibiting the hauling, depositing and accumulation of garbage, rubbish and other refuse within the boundaries of Freedom Twp. brought from without the boundaries of that township."

down Lake, north of Ennis, to provide a cushion for any sudden flood waters from the reservoir.

Potter said estimates of the warning time available to residents of Ennis in the event of a dam collapse ranged from 4 to 12 hours.

FUNNY THINGS HAPPEN IN N.Y.

NEW YORK (AP)—People in a huge city take air conditioning, lights, subways, elevators, traffic signals and a lot of other things for granted. When the power is knocked out, as it was Monday, funny things happen.

For instance: A television salesman had just sold a new set to a customer when the power failure made the set go dead. The customer changed his mind and walked out.

At the New York Guild for the Jewish Blind, the blind led those who could see. In the pitch-black interior of the building, the blind, who knew their way in the dark, led fellow workers to the street.

A lot of people who weren't regular churchgoers went to church Monday night. A church was the easiest place to get candles. One Roman Catholic church gave away 100, another left three boxes of candles on the steps for passersby.

An angry resident stormed down to the basement and began blaming a baffled plumber for the power failure.

One bar patron, who perhaps had overdone it, found the dark side of the failure. Extra police were ordered into the darkened section and as the man weaved by a lighted fruit stand, he was ordered home by no less than six policemen.

Ever wonder what would happen if all the cash registers in a supermarket broke down at once? That was one of the effects of the power failure. Long lines of shoppers waited impatiently while checkers out added up even longer lines of figures.

SEEK JERSEY DRIVER

John C. Stahle, Springs Ave., today asked borough police to find the driver of a car with New Jersey registration which struck the rear of a bicycle ridden by Stahle's son on Springs Ave. Monday. The driver stopped and was assured by the youth that he was unhurt. The driver then drove away. However, Stahle told police, there was some damage to the boy's bicycle.
